Solder Board-Component View 1	 A photograph of a green printed circuit board (PCB) component, labeled 'HS1500_MAIN_V2' and '20240730', mounted on a blue textured surface. The component is positioned next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100) and centimeters (0 to 10). The component is oriented vertically, with its top edge facing the right side of the image.
Solder Board-Component View 2	 A photograph of the same green printed circuit board (PCB) component, labeled 'HS1500_MAIN_V2' and '20240730', mounted on a blue textured surface. The component is positioned next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100) and centimeters (0 to 10). The component is oriented vertically, with its top edge facing the left side of the image.

Solder Board-Component View 5	 A photograph showing a small green PCB component with gold-plated pins, resting on a black surface. A black ruler with white markings is placed horizontally above the component, showing measurements in millimeters. The component has a label that reads "BATN1C000/P- RA FB-FB4".
Antenna View	BT Antenna  A photograph of a green PCB component, likely a Bluetooth module, showing various electronic components and a large antenna structure. A red box highlights the antenna structure, and a red line points from the label "BT Antenna" to this box.
