

### EXHIBIT 4 - TEST SETUP PHOTOGRAPHS

**Conducted Emission  
Test Setup**

**Radiation Emission Test  
Setup (Below 30MHz)**

<p><b>Radiation Emission Test Setup (30MHz to 1GHz)</b></p>	A photograph of a radiation emission test chamber. The walls are covered with white, square-shaped pyramidal absorbers. A yellow, rectangular test table is positioned in the center. To the left, there is a metal structure with vertical poles and horizontal bars, likely for antenna positioning. The floor is dark with yellow and black safety markings.
<p><b>Radiation Emission Test Setup (1GHz to 18GHz)</b></p>	A photograph of a radiation emission test chamber. The walls are covered with white, square-shaped pyramidal absorbers. A yellow, rectangular test table is positioned in the center, with a white, rectangular object on top. In the foreground, there is a dense layer of blue, conical absorbers. To the right, there is a red and silver antenna structure.

**Radiation Emission Test  
Setup (Above 18GHz)**
