

## MH40 WIRELESS QUICKSTART

Brilliant sound and design motivate everything we do.

Master & Dynamic is a New York City-based premium audio company with a deep passion for building technically sophisticated sound tools. Designed to be modern yet timeless, our products utilize only the finest materials and are engineered to last, creating the perfect balance of aesthetics, strength, comfort, and exceptional sound.

To mark the 5-year anniversary of the launch of Master & Dynamic and our original MH40 Over-Ear Headphones, we are releasing the iconic design in a wireless version, updating timeless craftsmanship with new technology.

## POWERING ON

Press and hold (>1 second) ON/OFF button to power ON. Battery level will be displayed at startup.

To conserve battery power, headphones will power OFF after 10 minutes of inactivity.

## FUNCTIONS

- VOL +
- PLAY/PAUSE
- 1X: Answer/End Call
- 2X: Skip Forward
- 3X: Skip Back
- Long Press: Voice Assistant
- VOL -
- ON/OFF
- Bluetooth Pairing

## PAIRING

The first time you power ON your headphones they will enter pairing mode. Simply connect through the Bluetooth menu on your device and select M&D MH40.

To manually activate pairing mode, power headphones OFF, then hold ON/OFF button for 4 or more seconds.

### Pairing / Battery Level Indicator

White light will pulse when headphones are in pairing mode.

A solid white light indicates you are connected.

#### FCC

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. **This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: Reorient or relocate the receiving antenna. Increase the separation between the equipment and receiver. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

**Product complies with European  
Safety Regulations**

### **Environmentally Friendly Disposal**

Old electrical appliances must not be disposed of together with the residual waste, but have to be disposed of separately. The disposal at the communal collection point via private persons is for free. The owner of old appliances is responsible to bring the appliances to these collecting points or to similar collection points. With this little personal effort, you contribute to recycle valuable raw materials and the treatment of toxic substance.

**CAUTION**  
RISK OF EXPLOSION IF BATTERY IS REPLACED.  
BY AN INCORRECT TYPE.  
DISPOSE OF USED BATTERIES ACCORDING TO THE INSTRUCTIONS.

**CAUTION** Danger of explosion if battery is incorrectly replaced Replace only with the same or equivalent type Battery shall not be exposed to excessive heat such as sunshine, fire, or the like

Bluetooth 2402MHz – 2480MHz @9.27 dBm

Headphone input: 5.0V, 300mA;

Working temperature : 0-45 degree

Hereby, NEW AUDIO LLC. declares that the radio equipment type MH40-W is in compliance with Directive 2014/53/EU and European Safety Regulations. The full text of the EU declaration of conformity is available at the following internet address: <https://www.masterdynamic.com>

(1) To prevent possible hearing damage, do not listen at high volume levels for long periods. (2) Fully understand user manual before use. (3) Ensure your player at low volume levels or power off before you leaving.
