

Left Ear Side

○ BT LED (White)

○ Status LED (R/G/O)

Power on/off and BT switch

- Power Off: The headphone is off when the switch is at OFF
- Power On: Pushing the switch to ON
- Battery Checking: When the slide switch is pushed to BT <2s, the battery status will be shown on status LED. (Green – Full, Orange – Med, Red – Low)
- BT Pairing: Hold the switch at BT until the BT LED blinks.

3.5mm phone jack for analog music source

ANC Button

- Short press to switch Noise canceling between High/Low/Off
- Hold to active the Google assistant function

Right Ear Side

Volume Up Key - Short press for sound volume up

Multifunction Key

- Music playing
 - Short press – play/pause
 - Double press – Next track
 - Triple press – Previous track
- Telephony
 - Short press – Answer/End call
 - Long press – Transfer call to phone

Volume Down Key - Short press for sound volume down

Charging Indication LED
Charging – Orange
Charging Complete - Green

USB Type C receptacle for Charging

FCC

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

IC

This device contains license-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development de Canada's license-exempt RSS(s). Operation is subject to the following two conditions:

This device may not cause interference.

(2) This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

(1) L'appareil ne doit pas produire de brouillage;

(2) L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

This equipment complies with IC RSS-102 radiation exposure limits set forth for an uncontrolled environment.

Cet équipement est conforme aux limites d'exposition aux radiations IC CNR-102 établies pour un environnement non contrôlé.

This equipment complies with ISED radiation exposure limits set forth for an uncontrolled environment. End user must follow the specific operating instructions for satisfying RF exposure compliance. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter. The portable device is designed to meet the requirements for exposure to radio waves established by the ISED. These requirements set a SAR limit of 1.6 W/kg averaged over one gram of tissue. The highest SAR value reported under this standard during product certification for use when properly worn on the body. Cet équipement est conforme aux limites d'exposition aux rayonnements ISED établies pour un environnement non contrôlé. L'utilisateur final doit suivre les instructions spécifiques pour satisfaire les normes. Cet émetteur ne doit pas être co-implanté ou fonctionner en conjonction avec toute autre antenne ou transmetteur.

Le dispositif portable est conçu pour répondre aux exigences d'exposition aux ondes radio établie par le développement énergétique DURABLE. Ces exigences un SAR limite de 1,6 W/kg en moyenne pour un gramme de tissu. La valeur SAR la plus élevée signalée en vertu de cette norme lors de la certification de produit à utiliser lorsqu'il est correctement porté sur le corps.

CAUTION Danger of explosion if battery is incorrectly replaced Replace only with the same or equivalent type Battery shall not be exposed to excessive heat such as sunshine, fire, or the like

Bluetooth 2402MHz – 2480MHz @7.95 dBm
BLE 2402MHz-2480MHz @ 7.84 dBm

Hereby, NEW AUDIO LLC. declares that the radio equipment type MW65 is in compliance with Directive 2014/53/EU and European Safety Regulations. The full text of the EU declaration of conformity is available at the following internet address:

<https://www.masterdynamic.com>

(1) To prevent possible hearing damage, do not listen at high volume levels for long periods. (2) Fully understand user manual before use. (3) Ensure your player at low volume levels or power off before you leaving.

Product complies with European
Safety Regulations

Environmentally Friendly Disposal

Old electrical appliances must not be disposed of together with the residual waste, but have to be disposed of separately. The disposal at the communal collection point via private persons is for free. The owner of old appliances is responsible to bring the appliances to these collecting points or to similar collection points. With this little personal effort, you contribute to recycle valuable raw materials and the treatment of toxic substance.

CAUTION
RISK OF EXPLOSION IF BATTERY IS REPLACED.
BY AN INCORRECT TYPE.
DISPOSE OF USED BATTERIES ACCORDING TO THE INSTRUCTIONS.

NCC

根據NCC低功率電波輻射性電機管理辦法 規定：
(1) 第十二條經型式認證合格之低功率射頻電機，非經許可，公司、商號或使用者均不得擅自變更頻率、加大功率或變更原設計之特性及功能。

(2) 第十四條

低功率射頻電機之使用不得影響飛航安全及干擾合法通信；經發現有干擾現象時，應立即停用，並改善至無干擾時方得繼續使用。

前項合法通信，指依電信法規定作業之無線電通信。

低功率射頻電機須忍受合法通信或工業、科學及醫療用電波輻射性電機設備之干擾。

產品名稱：藍牙耳機

產品型號：MW65

輸入電壓：3.7V
