### Package Contents

- Earbuds
- 3 pairs of tips (S/M/L)
- 3 pairs of ear hooks (S/M/L)
- Carry Case
- USB Charging Cable
- User's Guide

2

### Charge

When the earbuds indicator flashes red or has no response, charge your earbuds. Normal charging takes about 2 hours.

1. The LED indicator lights red when charging and turns blue when fully charged.
2. Unplug the charging cable when the earbuds is fully charged.

### Pairing

1. Press and hold the button for 4 seconds to enter pairing mode. The LED indicator flashes red and blue as your earbuds searches for Bluetooth-enabled devices.
2. On your device, turn on the Bluetooth function, and set it to search for Bluetooth devices.
3. Select and connect to **Ncredible Earbuds** from the list of found devices. When paired, the LED Indicator flashes blue every 4 seconds and the earbuds enters standby mode.

**Note:** If your Bluetooth-enabled device is out of connection range and disconnect, move back within 5 minutes to reconnect automatically.

### Changing Bluetooth Devices

Your earbuds automatically reconnects to the most recently paired device when it is powered on.

To pair a new device, you must disconnect the current device's Bluetooth functions first. See your Bluetooth device's instructions for details.

3

### Using the Earbuds

Play/Pause		x1
Previous Track	Vol -	...hold for 2 seconds
Next Track	Vol +	...hold for 2 seconds

**Note:** The button functions may vary depending on your device and phone's protocol and devices.

4

### Listening Safely

Do not wear earbuds while driving a vehicle or cycling. This can create a traffic hazard and could be illegal in some areas. To protect your hearing:

- Do not listen at high volume. Extended high-volume listening can lead to permanent hearing loss.
- Set the volume to the lowest setting, then adjust to a comfortable level.
- Avoid increasing the volume. Your ears adapt to volume, so a level that does not cause discomfort could still damage your hearing.

### Specifications

Battery charge time.....	approx. 2 hours
Operation time.....	7 hours
Standby time.....	280 hours
Battery charging voltage.....	5V
Charging current.....	80 mA
Bluetooth protocol.....	V4.0
Operating distance.....	33 ft. (10m)
Frequency response.....	20Hz - 20KHz
Sensitivity.....	93±5dB
Impedance.....	16 Ohms ±15%
Cable length (max. extended).....	2.1 ft. (0.63 m)
IPX.....	level 3

Specifications are subject to change and improvement without notice. Actual product may vary from the images found in this document.

### Lithium Battery Safety

- Do not burn or bury batteries. Do not puncture or crush. Do not disassemble. Recycle lithium batteries. Do not dispose of in the trash.

5

- If the electrolyte in the cells should get on your skin, thoroughly wash with soap and water. If in the eyes, rinse thoroughly with cool water. Immediately seek medical attention.
- The built-in battery may discharge completely after a long period without use. Recharge.
- Follow the instructions for charging. Do not charge longer than recommended. Unplug the USB cable when the battery is charged. The headphones should never be left unattended while charging.

### FCC Information

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
  - Increase the separation between the equipment and receiver.
  - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
  - Consult the dealer or an experienced radio/TV technician for help.
- If you cannot eliminate the interference, the FCC requires that you stop using your equipment. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
- This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
