

SENTINEL SCANNER

Manufacturer: HCS (Suzhou) Ltd | Model: TRX2101

Indicator	Status
A Constant	Powered on
B Fast Blinking	Searching for Reader
B Constant	Connected to Reader
B Intermittent	Data transfer in progress

For detailed operating instructions, visit <https://sway.office.com/zuBpbc4BcQsoEvA7>

Power supply input voltage: 100-240VAC, 50/60Hz, 0.25A

Nature of the supply voltage: 4.5V-5.5V, 1A

Rated voltage: 5V

Rated power: 5W

Follow your country's rules for the separate collection of electrical and electronic products and rechargeable batteries. Do not throw away this product with the regular household or office waste at the end of its life, but hand it over to an official collection point for recycling, if available in your country. Correct disposal helps prevent negative consequences for the environment and for human health.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and*
- (2) This device must accept any interference received, including interference that may cause undesired operation.*

Caution:

Please take attention that changes or modification not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
