

Appendix D. SAR Test Setup Photos

Head Exposure Condition

Inner Surface_ Right Ant 1, EUT to human head
separation distance is 0 mm

Inner Surface_ Left Ant 2, EUT to human head
separation distance is 0 mm

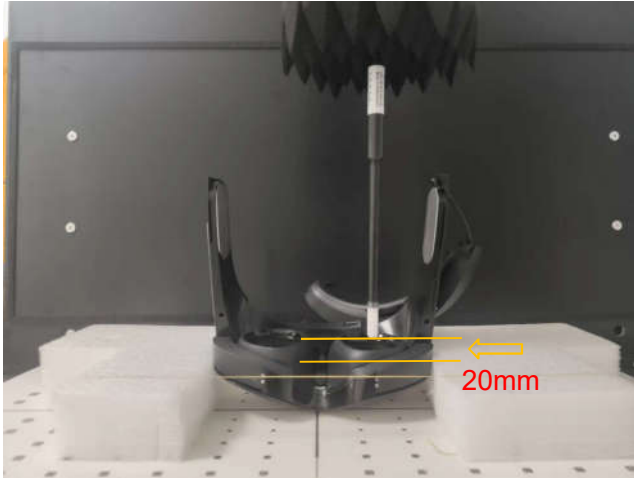

Inner Surface_nRF Ant(Right), EUT to human head
separation distance is 0 mm

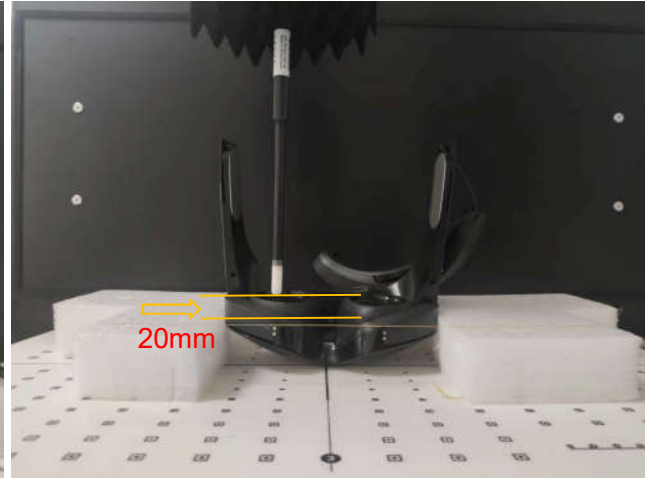

Inner Surface_nRF Ant(Left), EUT to human head
separation distance is 0 mm

Note: The separation distance between reference plane of device and head phantom surface is 20 mm.

Appendix D. PD Test Setup Photos

Inner Surface_ Right Ant 1, Test Separation 10 mm

Inner Surface_ Left Ant 2, Test Separation 10 mm

Note: The separation distance between reference plane of device and probe sensor is 20 mm.

Antenna Location
