## Product Similarity Declaration

To Whom It May Concern,

We, Nusoft Corporation, hereby declare that we have a product named as Nusoft Wireless Router (Model number: NFW-560) was tested by BACL, meanwhile, for our marketing purpose, we would like to list a series models (NFW-560A, NFW-520, AboCom WS600, AboCom WS550) on reports and certificate. The schematics for this series are identical, only with two differences in model number and memory size. The postfix "A" in the model number indicates the router is equipped with a DDR memory of 512MB. For those models without a postfix "A" is shipped with 256MB. The memory chips are pin-to-pin compatible, therefore no changes are made to PCB schematic and layout.

We confirm that all information above is true, and we'll be responsible for all the consequences. Please contact me if you have any question.
