

Magnetic Charger | 20514

FCC ID: 2AH8S-20514

Thank you for purchasing our products. This is a qualified Magnetic charger. For optimum operation, please read this manual carefully before use.

Product Details

Specification

Input: DC 5V-3A, DC 9V-2A

Output: 5W, 7.5W, 10W, 15W

Notice:

- a. Please use QC/PD compatible power adapter to achieve fast charge.
- b. It is a normal phenomenon for the charger to become hot during the charging process. Please kindly take off the device after full charge to protect device and the charger.

Product and Safety info

1. Do not store or use it in high temperature, humidity or dirty areas.
2. Do not store or use it in strong magnetic fields.
3. Keep out of the reach of children.
4. Do not expose to water or heavy dust. Keep it dry and clean.
5. Non-professional workers cannot maintenance device without authorization.

2.4 x 2.4 inches

FCC COMPLIANCE STATEMENT

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

compliance could void the user's authority to operate the equipment. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. During the operation of device a distance of 15 cm surrounding the device and 20 cm above the top surface of the device must be respected.
