<p>EUT View 4</p>	

<p>EUT View 5</p>	 A photograph showing the back of a black rugged smartphone. The phone has a textured, ribbed back cover and a large rectangular battery cover in the center. A camera lens is visible on the left side. The phone is placed on a blue surface next to a black ruler with white markings for scale. The ruler shows measurements in millimeters and centimeters.
<p>EUT View 6</p>	 A photograph showing the back of the same black rugged smartphone from a different perspective. The battery cover and camera lens are visible. The phone is placed on a blue surface next to a black ruler with white markings for scale. The ruler shows measurements in millimeters and centimeters.

<p>EUT View 7</p>	 A photograph showing the back of a black rugged mobile phone. The phone is positioned vertically on a blue textured surface. A black ruler with white markings is placed horizontally below the phone to provide a scale. The phone's back features a textured, ribbed design, a central rectangular panel, and various ports and buttons. The ruler shows measurements in millimeters, with the phone's width being approximately 100mm.
<p>EUT View 8</p>	 A close-up photograph of the bottom edge of the black rugged mobile phone. The phone is resting on a blue textured surface. The image clearly shows three ports: a circular port on the left, a gold-colored circular port in the middle, and a rectangular port on the right. The phone's casing has a textured, ribbed appearance.
