

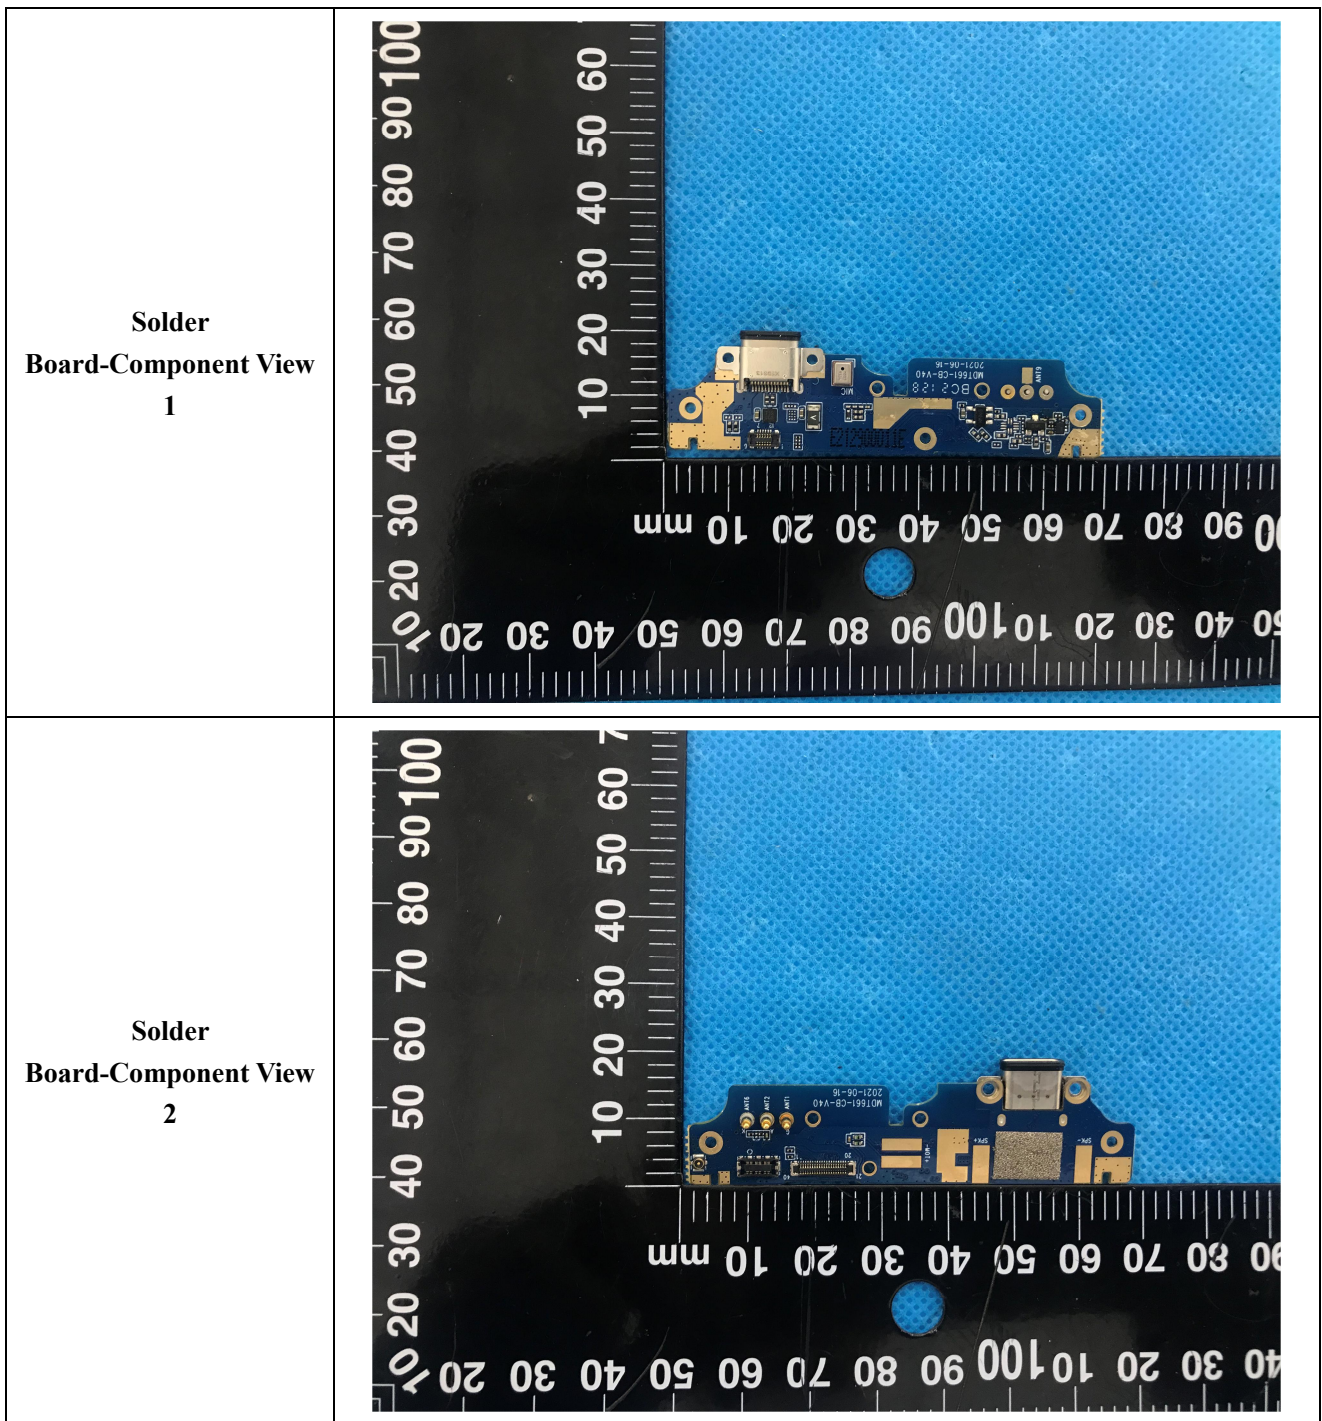

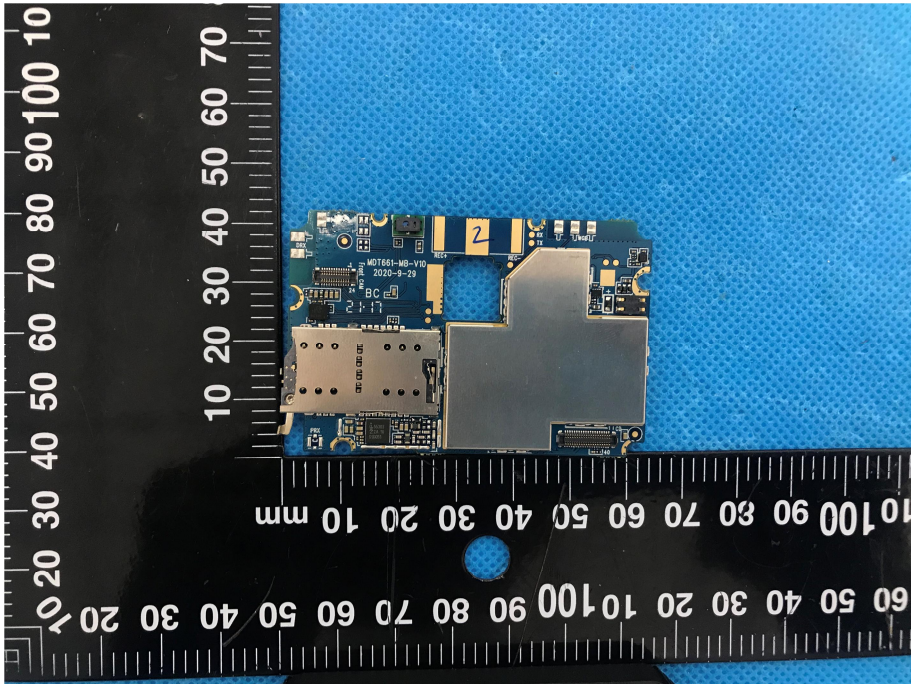

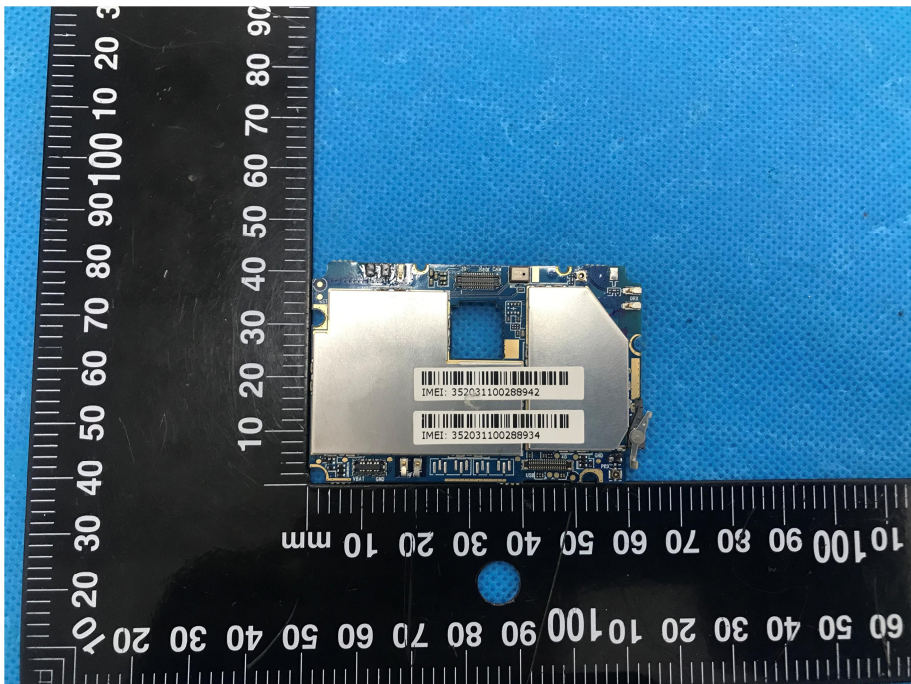

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p>Solder Board-Component View 3</p>	 <p>A photograph of a blue printed circuit board (PCB) component, likely a mobile phone's baseband processor, mounted on a larger board. The component is positioned on a blue textured surface. A black ruler with white markings is placed horizontally below the component, showing measurements in millimeters. The component features a silver-colored metal shield and various electronic components. A small yellow label with the number '2' is visible on the board. Text on the board includes 'MOT661-M0-V10' and '2020-9-29'.</p>
<p>Solder Board-Component View 4</p>	 <p>A photograph of the same blue PCB component as in View 3, but from a different angle. It is mounted on a larger board with a silver-colored metal shield. Two white labels with barcodes and IMEI numbers are visible on the component. The labels contain the text 'IMEI: 352031100288942' and 'IMEI: 352031100288934'. A black ruler with white markings is placed horizontally below the component, showing measurements in millimeters. The component is positioned on a blue textured surface.</p>
