<p>EUT View 5</p>	 A photograph showing the back of a black rugged smartphone. The device is positioned on a blue textured surface with a black ruler placed horizontally below it for scale. The back panel features a central camera lens, a flash, and a small label. There are two circular speaker grilles on either side of the camera. The phone has a thick, protective black bumper.
<p>EUT View 6</p>	 A photograph showing the front of a black rugged smartphone. The device is positioned on a blue textured surface with a black ruler placed horizontally below it for scale. The screen is dark and unlit. Below the screen, there are five capacitive touch buttons: a home button, a back button, a navigation key, a power button, and a volume up button. The phone has a thick, protective black bumper.
