Operational Description

Download Revolar's app

Follow device setup instructions in Revolar's app

Revolar is simple. When you press the button on your Revolar, an alert message is sent to your preset contacts with your live location information. With Revolar's Dynamic Tracking feature, your location information is updated with your movements, in real time. Revolar take care of all the complexity. In an emergency situation you do not have time to use your phone. Revolar makes calling for help as easy as pressing a button. Revolar make sure everything else happens quickly and securely.

FCC ID: 2AHAI-MD001

IC : 21057-MD001

This device has been tested and complied with
FCC Part 15 Class B, Canadian CAN ICES-3 (B)/NMB-3(B)

FCC & IC Notice

This device complies with Part 15 of the FCC Rules and Industry Canada license-exempt RSS standard(s) Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation of the device.

CAUTION: Changes or modifications not approved by Revolar could void the user's authority to operate the equipment.

SAR WARNING:

RF Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. End users must follow the specific operating instructions for satisfying RF exposure compliance. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

This device has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with IC RSS-102 RF exposure limit set forth for an uncontrolled environment and are safe for intended operation as described in this manual.

This Class B digital apparatus complies with Canadian ICES-003.

To reduce potential radio interference to other users, the antenna type and its gain should be so chosen that the equivalent isotropically radiated power (e.i.r.p.) is not more than that permitted for successful communication.

French version

Declaration d'exposition aux radiations Cet appareil est conforme aux limites d'exposition aux rayonnements Canada établies au pour un environnement non contrôlé et ne présente pas de risque dans le cadre d'une utilisation conforme à celle décrite dans ce manuel.

Cet appareil numérique de la classe B est conforme à la norme NMB-003 Canada.

Pour réduire le risque d'interférence aux autres utilisateurs, le type d'antenne et son gain doivent être choisis de façon que la puissance isotrope rayonnée équivalente (PIRE) ne dépasse pas ce qui est nécessaire pour une communication réussie.

Cet appareil est conforme à la norme RSS Industrie Canada exempts de licence norme(s). Son fonctionnement est soumis aux deux conditions suivantes:

1. Cet appareil ne peut pas provoquer d'interférences et
2. Cet appareil doit accepter toute interférence, y compris les interférences qui peuvent causer un mauvais fonctionnement du dispositif.

Disposal

Do not dispose the product with ordinary garbage. When disposing of the product, follow the rules and regulations of your area. For more information about disposal of the product in your country, please contact your local office or the agency where you purchased the product.

Rating: 3Vdc 25mA

Replacement Battery: CR2032 Lithium Battery
