 <p>XTREME DESKTOP WIRELESS CHARGER COMPATIBLE WITH Qi-ENABLED IOS & ANDROID SMARTPHONE</p> <p>ENGLISH</p> <p>85549401 www.xtremecable.com</p>	<p>PRODUCT INTRODUCTION</p> <p>This fast wireless charging has a simple design and compatible with any smartphones with Qi standard.</p> <p>Note: All devices must be Qi standard. To use in fast charging mode a QC 2.0 or 3.0 fast charge Qi2 wall charger is required. (not included)</p> 	<p>INSTRUCTIONS</p> <p>1. Insert one end of USB charging cable into power adapter (not included) or computer as shown as below.</p> <p>Note: Use your USB fast charging wall adapter for wireless fast charging, i.e. QC 2.0, QC 3.0, or wireless fast charger. (Not included)</p>  <p>2. Insert other end of USB charging cable into Micro USB port of the wireless charger. The smart LED indicator will illuminate blue to indicate power connectivity.</p>  <p>3. Place your phone horizontal or vertical on the wireless charger. When the phone is being charged, the Smart LED indicator will light up blue to show it is charging.</p>  <p>Very this protective cases can obstruct charging. For effective charging, it may be necessary to reposition the phone or remove the case.</p>	<p>CAUTION:</p> <p>Remove cases with magnet or metal components from the phone before charging. Do not place metal objects in the charging area.</p> <p>ERROR INDICATION:</p> <p>If the blue LED is flashing, reposition the device, remove any metal from the charging area, or reset the charger by disconnecting its USB cable.</p> <p>SAFETY AND CARE INSTRUCTIONS:</p> <p>Failure to follow these safety instructions can lead to fire, electrical shock, personal injury, property damage, or damage to this unit.</p> <p>Make sure to read this entire manual before initial use.</p> <ul style="list-style-type: none"> Do not use this unit for anything other than its intended use. Keep the unit away from heat sources and direct sunlight. Do not expose the unit to extremely high or low temperatures. Use the product in a location with a temperature of 32°F - 95°F. 	<ul style="list-style-type: none"> Do not let the unit come in contact with water or any liquid. If it becomes wet, immediately unplug from the power source. Do not handle the unit, USB cord, or wall charger with wet hands. Do not let dust or other debris accumulate on the product and the wall charger. Do not use the unit if it has been dropped or damaged in any way. Repairs to electrical equipment should only be performed by a qualified technician. Improper repairs may place the user at serious risk. If you have an electrical device, such as a pacemaker, consult a physician before using this product. Do not place magnetic cards or similar items near this product. Be sure to use the specified power source and voltage. Do not use a voltage converter/travel adapter. Be sure the wall charger is inserted all the way into the electrical outlet. When not in use, unplug the wall charger. Place the unit on a flat, sturdy surface during charging. Keep the unit out of reach of children as this product is not a toy. 	<p>This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.</p> <p>Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:</p> <ul style="list-style-type: none"> Reorient or relocate the receiving antenna. Increase the separation between the equipment and receiver. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. Consult the dealer or an experienced radio/TV technician for help. <p>Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.</p> <p>This equipment complies with FCC radiation exposure limits set forth for uncontrolled environments. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.</p>	<p>ONE YEAR WARRANTY</p> <p>Xtreme warrants its products for ONE YEAR against defects in manufacturing under regular consumer use with original receipt of retail purchase.</p> <p>We believe in our products and want to provide you with the best service.
