【图片 3：开机成功，柜机正面 LED 指示灯常亮】

Specifications

Input	AC 100~240 V 50~60 Hz
USB Output	5 V / 2 A
Wireless Standard	Wi-Fi 802.11 b/g/n
Bluetooth Version	BLE
iBeacon Protocol	BLE
Size	329 × 320 × 210 mm
Total Weight	8.1 kg

WIFI : Ark with backend server through WIFI connection.Used in order to obtain, upload log, and software upgrades.

BT IBeacon: used to send radio.

BT CSR: with mobile phone via bluetooth connection.To complete the installation of the ark in the phone APP, set the action. This is the first time engineering commissioning, the customer shall not apply

36-month limited warranty

Lifetime technical support

FCC STATEMENT :

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the

instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.

- Increase the separation between the equipment and receiver.

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
