Subject: Request for a Class II Permissive Change

FCC ID: 2AHDRM1
Grant Date(s): 03/24/2022 (DSS+DTS)

Pursuant to CFR47 §2.1043, the Grantee hereby requests a Class II Permissive Change for the above identified device.

Following changes apply to the modified device:

The modular approved transmitter is integrated into this final host device "Telematic Data Collector" (Industrial Use) with FCC ID: 2AHDRTDCE210 using a unique antenna trace design that differs to the original certified one, together with a new external antenna as documented in the filing. There are no changes to the transmitter module itself, so that the not repeated measurement results as documented in the original filing remain valid.

The modular type will change to Limited Single Modular Approval

If you have any questions, please feel free to contact me.

Sincerely,
