

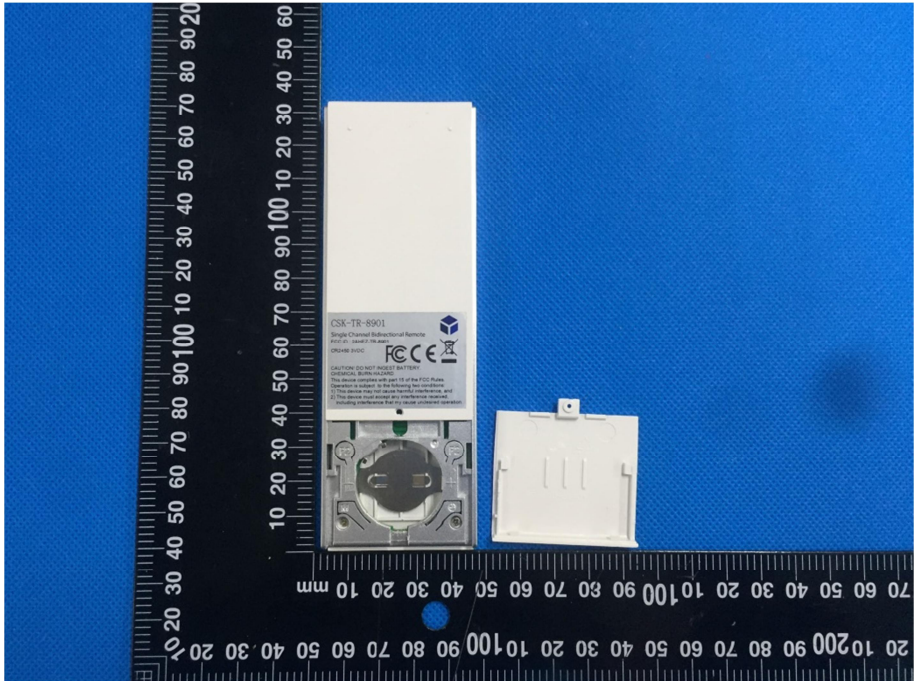

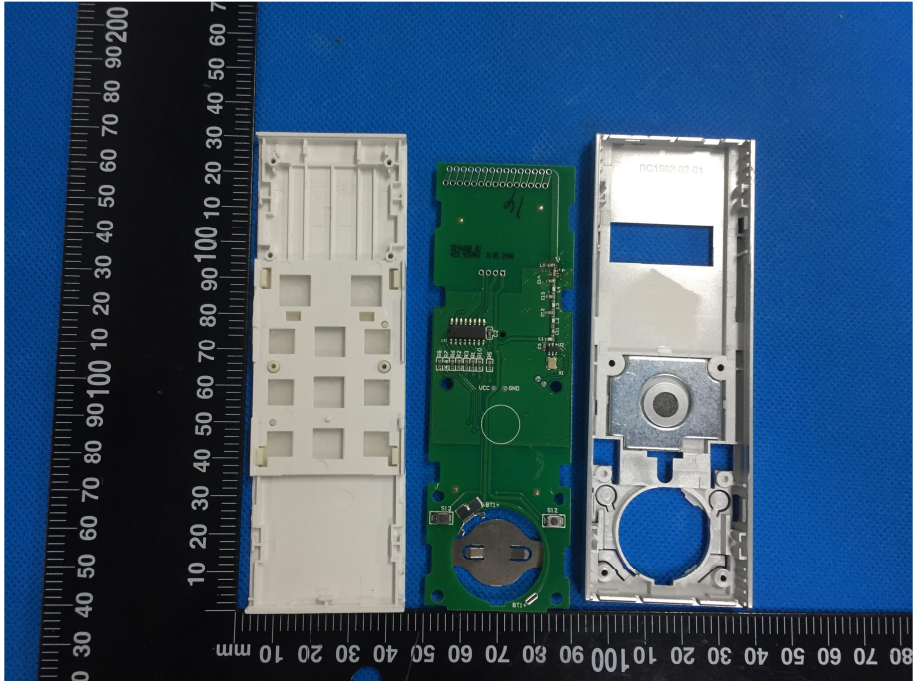

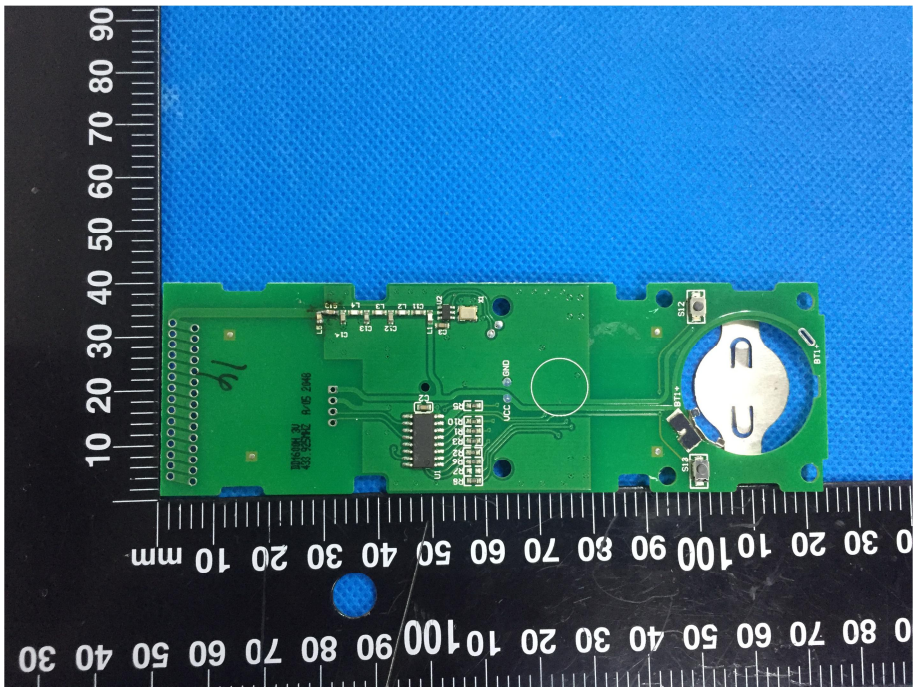

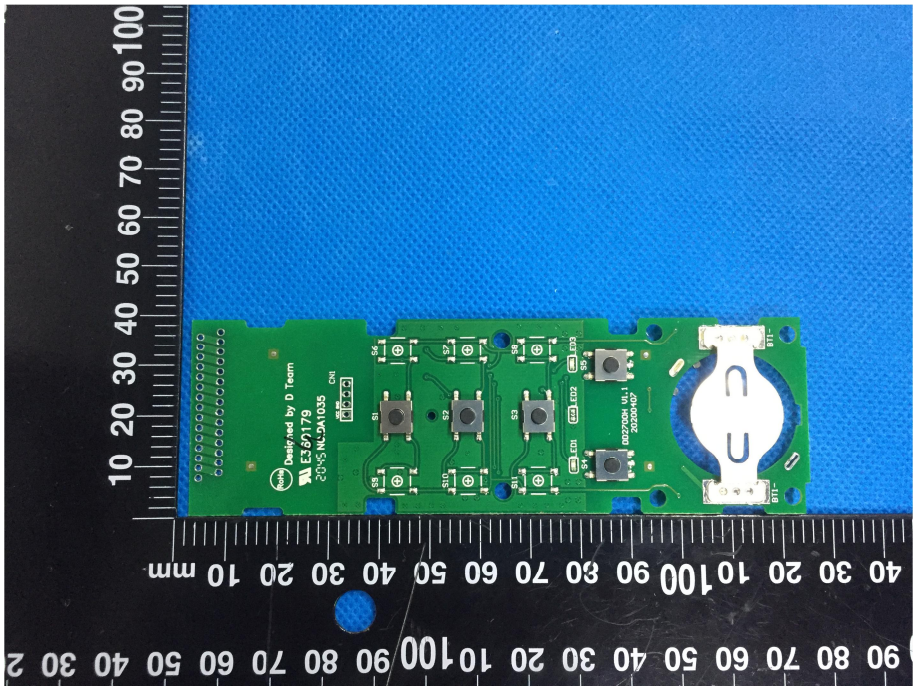

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p>EUT Housing and Board View 1</p>	
<p>EUT Housing and Board View 2</p>	

<p style="text-align: center;">Solder Board-Component View 1</p>	 <p>A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 1'. The board is oriented vertically and features a large circular cutout on the right side. It is populated with various electronic components, including a central integrated circuit (IC) and several surface-mount components. A white circular mark is visible on the board. The component is placed on a black surface with a white ruler for scale. The ruler shows measurements in millimeters, with the vertical axis ranging from 0 to 90 mm and the horizontal axis from 0 to 100 mm. The background is a blue textured surface.</p>
<p style="text-align: center;">Solder Board-Component View 2</p>	 <p>A photograph of the same green PCB component, labeled 'Solder Board-Component View 2'. This view shows the reverse side of the board, revealing the solder joints and the underside of the components. The board is populated with several integrated circuits (ICs) and other components, including a large IC labeled 'E367179' and another labeled '0027028 W1.1 20200407'. A white circular mark is also visible on the reverse side. The component is placed on a black surface with a white ruler for scale. The ruler shows measurements in millimeters, with the vertical axis ranging from 0 to 100 mm and the horizontal axis from 0 to 100 mm. The background is a blue textured surface.</p>
