

CONFIDENTIALITY REQUEST

Federal Communications Commission
Equipment Authorization Branch
7435 Oakland Mills Road
Columbia, MD 21046

Date: 3/29/2016

Gentlemen:

Kaba Mas LLC respectfully requests Long-Term confidentiality of certain materials provided with the submission of the Cencon MDB 30N under FCC ID: 2AHFM-BTCENMDB in accordance with 47 CFR 0.457(d) and 47 CFR 0.459. The confidentiality request applies to the schematics, block diagram, and theory of operation contained in this filing and included in the following files.

15-3053 - Schematics.pdf
15-3053 - Block Diagram.pdf
15-3053 - Theory of Operations.pdf

Kaba Mas LLC respectfully requests Short-Term confidentiality of certain materials provided with the submission of the Cencon MDB 30N under FCC ID: 2AHFM-BTCENMDB in accordance with 47 CFR 0.457(d) and 47 CFR 0.459. The confidentiality request applies to the internal Photos and Manual contained in this filing and included in the following files.

15-3053 – Internal Photos.pdf
15-3053 – Manual.pdf

The Cencon MDB 30N has not been officially released to the general public and would be considered Trade Secret until that time. We would like to request the maximum time of 180 days upon filing for the information to remain confidential. Our release to the public should fall within that time period but is under negotiation with a third party.

The Cencon Motorized Dead Bolt 30N has been developed at considerable effort and expense by Kaba Mas LLC. These items are considered as Trade Secrets and therefore public access to the proprietary material could possibly result in duplication of equipment that could severely damage the company's business advantage.

I appreciate your assistance in this matter.

Sincerely,

Name: Brian Craycraft

Signature: A handwritten signature in black ink, appearing to read "Brian Craycraft".
