Re: FCC ID: 2AHFM-BTCENMDB

To Whom It May Concern:

The following application is submitted on behalf of our client, Kaba Mas LLC, for evaluation of their model Cencon MDB 30N for certification under FCC Part 15.247.

The Cencon MDB 30N is a motorized deadbolt ATM security lock which incorporates a Bluetooth LE transceiver with an integral antenna.

The Cencon MDB 30N was tested in full to the requirements of the aforementioned rules and was found to be in compliance.

Sincerely,
