Overview

What's in the Box
Bluetooth earbuds, charging case, earbuds * 2 pairs, user manual, charging cable

How to Wear

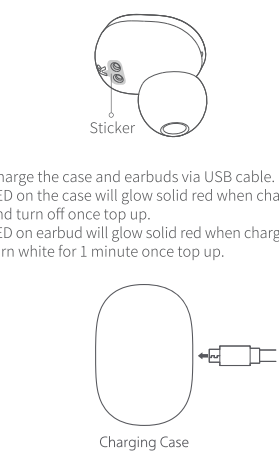

Gently insert earbud into your ear channel and shake head to check its stability.

Please keep Mic out when calling

Please adjust mic towards your mouth to gain better calling experience.

How to Charge

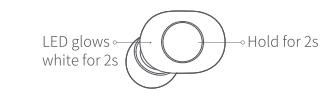

Please peel off stickers on both earbuds prior to use.

Charge the case and earbuds via USB cable. LED on the case will glow solid red when charging and turn off once top up. LED on earbud will glow solid red when charging and turn white for 1 minute once top up.

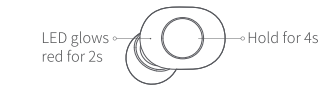

Power-on

Pick up earbuds from the case to power on. If earbuds are not in the case, hold MFBs for 2s to power on(LED will glow white for 2s).

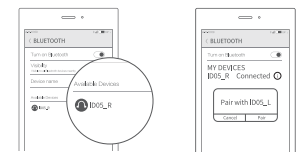

Power-off

Pull earbuds back into the case to power off them. Hold MFB for 4s to power off(LED glows red for 2s).

Stereo Mode

Auto connection: pick up both earbuds from the case. On cellphone, search for ID05_R/L and tap to connect. Notice will show on cellphone in 2s, tap to connect the other earbud. If earbuds fail to connect, please pull earbuds back into case and repeat the above steps once again. Earbuds will auto reconnect to last device in connectivity records, if any.(Bluetooth faculty needs to be activated).

Manual connection: power off earbuds then manually power on two earbuds. LEDs on both earbuds will blink white slowly. On cellphone, search for ID05_R/L and tap to connect.

Mono Mode

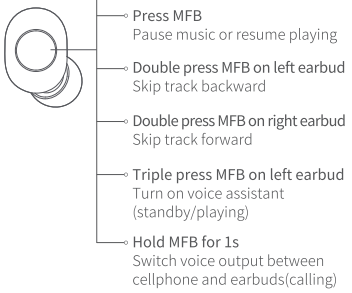

Auto connection: pick up either earbud to power on (LED blinks white slowly). On cellphone, search for ID05_R/L and tap to connect. Earbud will auto reconnect to last device in connectivity records, if any.(Bluetooth faculty needs to be activated).

Manual connection: power off earbuds then manually power on either earbud. LED will then blink white slowly. On cellphone, search for ID05_R/L and tap to connect.

Factory Setting

If earbuds fail to be connected, please refer the following steps to set them to factory. Pick up earbuds from case then power off them. Hold MFBs on both of earbuds for 10s or until LED blinks red and white three times. Earbuds will then be set to factory and power off.

Functions

Basic Parameters

Earbuds
Operation range: 10m(open space with no obstacle)
Battery capacity: 40mAh(single earbud)

Charging time: approx. 1.5hr
Calling time: approx. 3.5hr
Standby time: approx. 130hr
Input parameter: 5V=100mA
Bluetooth version: V5.0
Battery type: li-ion

Charging Case
Input parameter: 5V=500mA
Output parameter: 5V=150mA
Charging time: approx. 2hr
Standby time: approx. 4 months
Battery capacity: 310mAh
Battery type: li-ion
All technical data shall be subject to practical performance

Tips

- Before using the headset, please read the manual carefully and keep it for future references.
- The headset need to be fully charged prior to first-time use.
- If the headset is left unused for over two weeks, please recharge it periodically.
- Please use the chargers made by qualified manufacturer.
- If the headset cannot be found by your phone, please check whether it is in pairing mode; if left

unconnected for a long while, the headset will exit pairing mode, please re-enter the mode; if a procedure error of the headset occurs, reboot or reset it.

Caveats

- Please charge the product, in case it has not been used over two weeks.
- Please use certificated charger.
- Do not wear earphones for a long term to protect your hearing.
- Do not wear earphones in any situations with potential risks as wearing them may reduce your perception to the outside world.

Daily maintenance

Please do not shower with earbuds. Do not wear them in rainy day. Do not leave them in washing machine or other extreme situations. Clean them with dry cloth after use in pursuing a longer service life.

Audio only outputs from single earbud

It's a rare case. Please reset the earphones, remove connectivity record on your cellphone and re-connect the earphones to your cellphone.

Hazardo substances and their contents in the item

Part Name	Hazardous Substances							
	Pb	Hg	Ca	Cr (VI)	Pb/BP	BBP	DEHP	BBP
Main body	X	O	O	O	O	O	O	O
Battery	O	O	O	O	O	O	O	O
Ear tips	O	O	O	O	O	O	O	O
Accessories	O	O	O	O	O	O	O	O
Charging cable	X	O	O	O	O	O	O	O

This form is made by SJ/T 11364 regulation
O: means that hazardous substance content in the homogeneous materials of this part is within the limits of (EU)2015/863regulation.
X: means that hazardous substance content in, at least, one certain homogeneous materials of this part is beyond the limits of (EU)2015/863 regulation, but there is no mature alternative in the industry at present, it still conforms to the EU ROHS directive in the scope of exemption.

Note:
Please arrange using time properly as your hearing may be damaged by using the device for a long time.

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
-- Reorient or relocate the receiving antenna.
-- Increase the separation between the equipment and receiver.
-- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
-- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
