Attention: Application Examiner / Review Engineer

Subject: Request for a Class II Permissive Change for Single Module FCC ID: 2AHIS-VMAKER

Dear Examiner,

This letter is to request a Class II Permissive Change for FCC ID: 2AHIS-VMAKER

The major change associated with this application is the addition of a new model incorporating a new PCB Bowtie shaped antenna to the series of models included within the original certification which used antenna components which were soldered to the boards.

Additionally, the frequency range of operation was reduced from 3300-10300MHz to 6294-8304MHz through the use of software. The RF circuit components remain unchanged.

Sincerely,

A handwritten signature in blue ink that reads "David Schramm".
