

# Speaker with LED lights

Step to your own beat with the latest in audio technology. Designed and engineered in the UK, each product has gone through a rigorous manufacturing process to ensure every component compliments one another, ensuring the highest quality in audio performance and sound output.

- Battery life of up to 4 hours
- Heavy duty, robust design
- Voice command and activation
- Up to 8 metre range
- Sequential light patterns
- Hands free function
- Matte PU coating
- Rechargeable – cables included
- Speaker is fully rechargeable, simply plug into any USB compatible device, recharge and play

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC ID: 2AHIT-14923

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation
