The image shows the back of a black handheld device, possibly a walkie-talkie, with its battery cover removed. The battery compartment is visible, containing four AAA batteries. A red line points from a white label box on the right to a small white label at the bottom of the battery compartment. The device has a long antenna on top and a small window with the number '1' on the back. The background is a solid blue color.

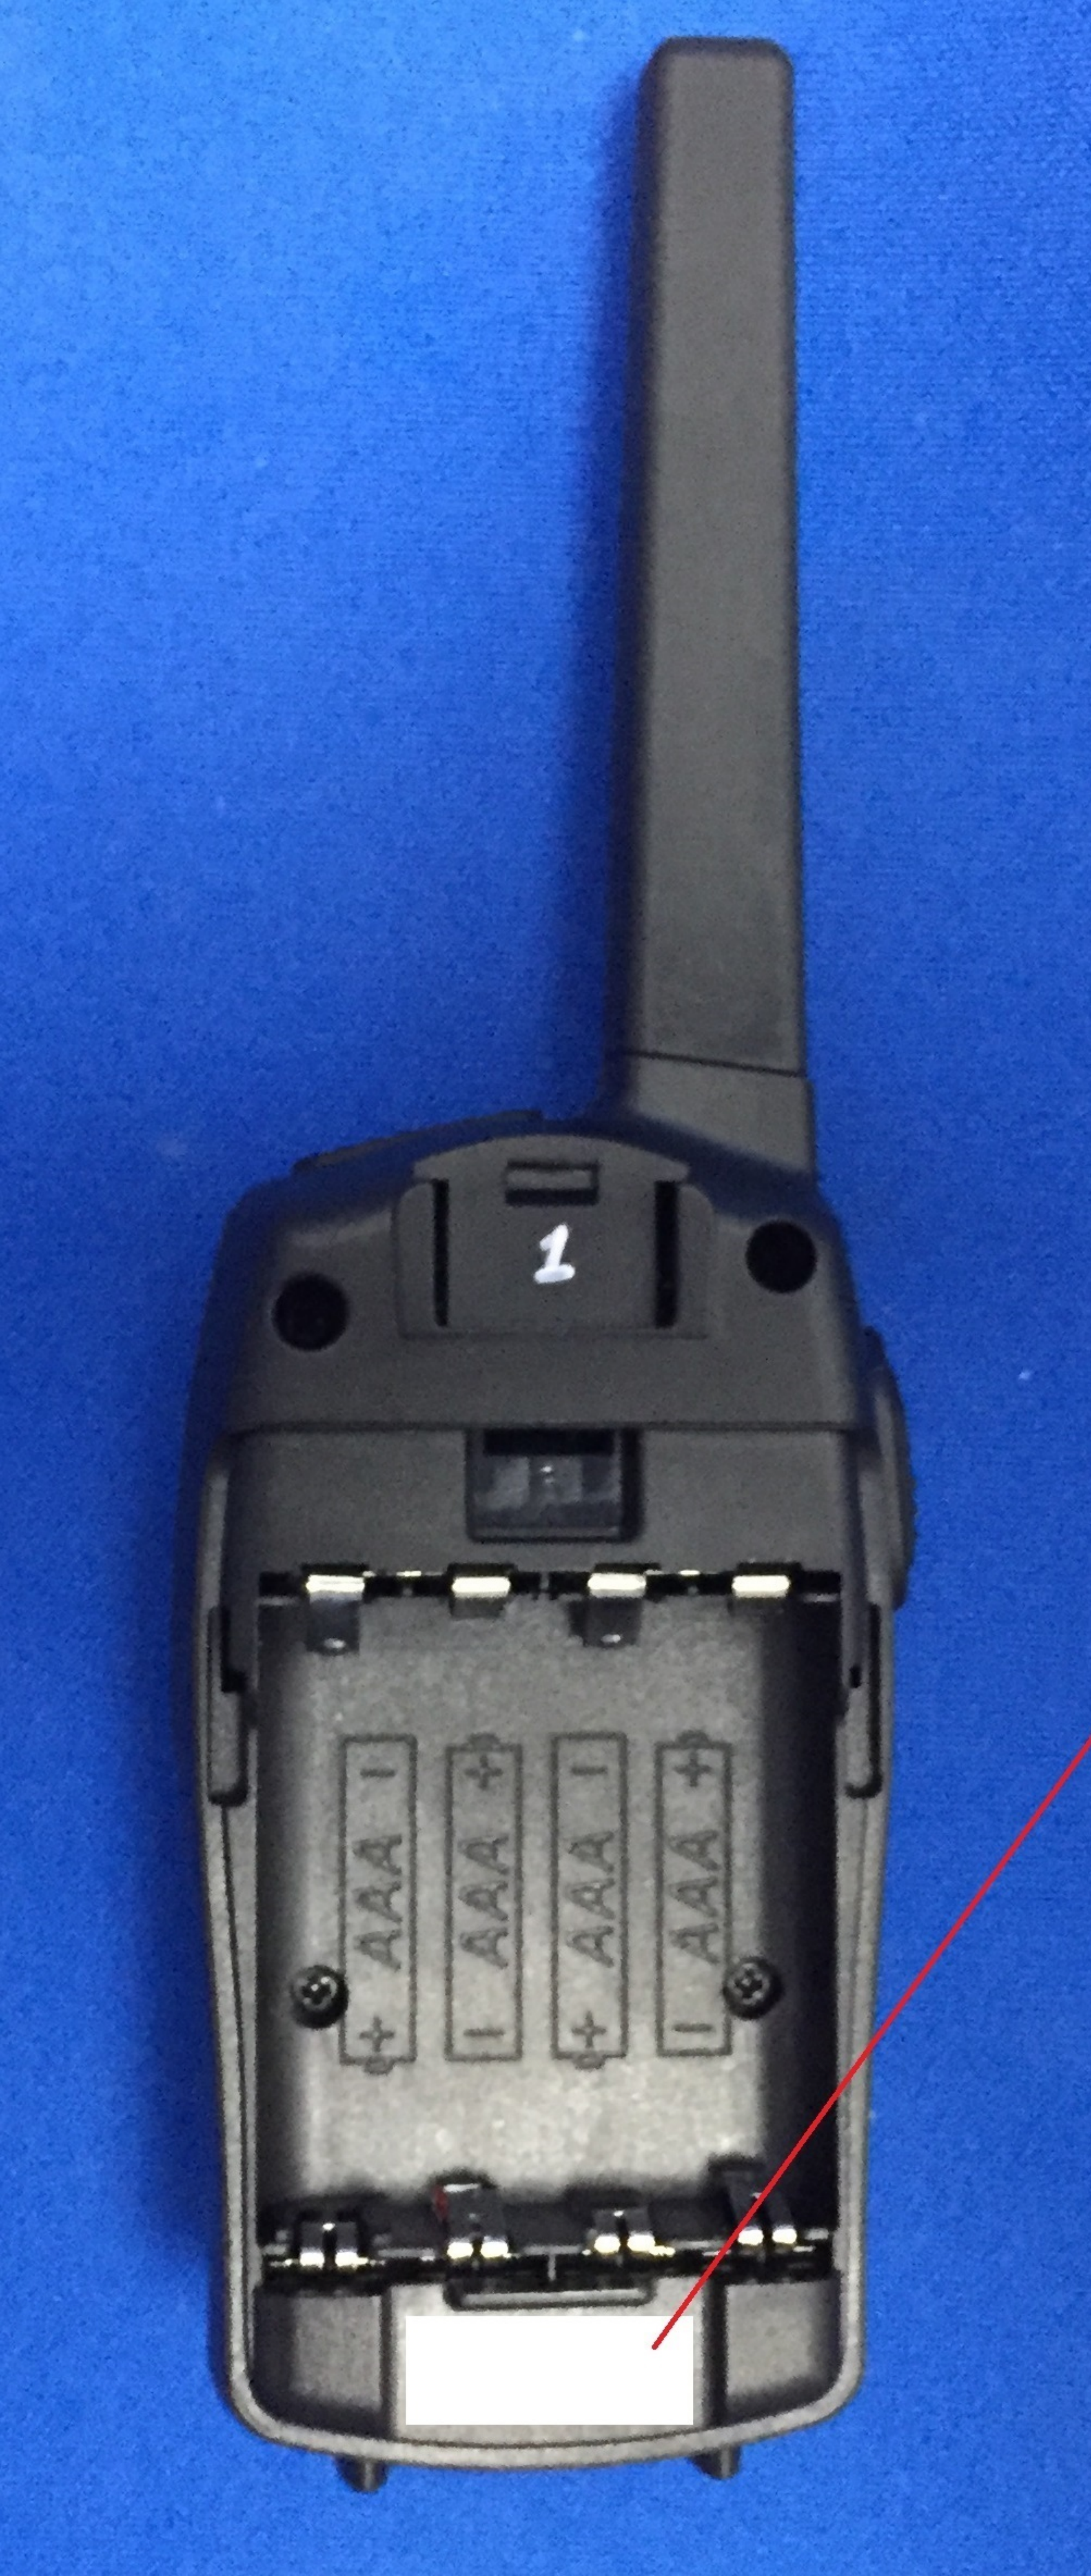

FCC ID: 2AHJLR5
Model No.: R5

The image shows the back of a black handheld device, possibly a remote control or a small electronic device. The battery compartment is open, revealing four AAA battery slots. Each slot is labeled with a plus sign (+) and the text 'AAA'. The device has a long, thin antenna extending from the top. A red line points from a white label box on the right to a small white label on the back of the device. The background is a solid blue color.

FCC ID: 2AHJLR5
Model No.: R6

The image shows the back of a black handheld device, likely a walkie-talkie. The device has a long antenna extending from the top. The back cover is open, revealing a battery compartment with four slots for AAA batteries. The battery compartment is labeled with '+ AAA -' and '- AAA +' for each slot. A small white label with the number '1' is visible on the back cover. A red line points from the bottom of the battery compartment to a text box on the right.

FCC ID: 2AHJLR5
Model No.: R7
