

## FCC STATEMENT

### **Federal Communication Commission Interference Statement**

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

### **FCC Caution:**

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

For product available in the USA market, only channel 1~11 can be operated. Selection of other channels is not possible.

### **Radiation Exposure Statement:**

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 26cm between the radiator and your body.

- a. FCC regulations restrict the operation of this device to indoor use only.
- b. The operation of this device is prohibited on oil platforms, cars, trains, boats, and aircraft, except that operation of this device is permitted in large aircraft while flying above 10,000 feet.
- c. Operation of transmitters in the 5.925-7.125 GHz band is prohibited for control of or communications with unmanned aircraft systems.

### **WARNING**

Risk of electrical shock. Do not expose the device to water or moisture. The device is a high-performance communications device designed for home and office environments. Do not use the device outdoors. Keep the device in an environment between 0°C ~ 40°C (32°F ~ 104°F). To avoid overheating, do NOT place any object on top of the device. Do not restrict the flow of air around the device. This unit must be used with the power supply provided by manufacturer. The manufacturer assumes no liabilities for damage caused by any improper use of the device.

### **ATTENTION**

Risque de choc électrique. Ne pas exposer l'appareil à l'eau ou à l'humidité. L'appareil est un dispositif de communication de haute performance conçu pour les environnements domestiques et de bureau. Ne pas utiliser l'appareil à l'extérieur. Gardez l'appareil dans un environnement entre 0°C ~ 40°C (32°F ~ 104°F). Pour éviter la surchauffe, ne placez aucun objet sur le dessus de l'appareil. Ne pas restreindre la circulation d'air autour de l'appareil. Cet appareil doit être utilisé avec le bloc d'alimentation fourni par le fabricant. Le fabricant décline toute responsabilité de dommages causés par une mauvaise utilisation de l'appareil.
