June 15, 2016

To Whom It May Concern:

Request is hereby submitted by Bosch Automotive Service Solutions to withhold permanently from public review certain portions of the application for equipment certification for the referenced FCC identifiers. This request for confidentiality is made pursuant to 47 CFR 0.457(d) and 0.459 of the FCC Rules. In particular, the following sections of the application are to be kept permanently confidential:

- Schematics
- Detailed Block Diagrams
- Detailed Operational/Functional Description
- Bill of Materials (Parts list)

Rationale for request for confidentiality:

Bosch Automotive Service Solutions has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the permanently confidential portions of this application to competitors would not only give them significant competitive advantages in development similar products, but would also disclose successful implementation of this technology developed by us. Further, we are not offering this reference product for sale to other OEM's.

Sincerely,

A handwritten signature in blue ink, appearing to read 'E. Vande Zande'.

Eric Vande Zande
Senior Electrical Engineer
