(5V/1A, 5W)

***This stand can support
up to 15 kgs (33lbs)**

3 Data OUTPUT USB ports:
2(two) USB 2.0 & 1(one) Type C

2 INPUT ports
1(one) Type C (5V 1A) &
1(one) USB (5V 1A)

Data Cable

USB A USB A

USB A to
USB A CABLE

Connect USB-A tip of this cable to a USB-A port of your computer or laptop. Then connect another USB-A tip to USB-A INPUT port on the Desk Riser, so that 3 data transmission (OUTPUT) ports can be used.

Use this cable to expand your laptop/computer data connectivity, turning one USB port into a hub that supports two USB-A ports + one USB-C port.

Power cable

USB C USB A

USB A to
USB C CABLE

Connect USB-A tip of this cable to a USB power source (power adaptor or computer). Then connect USB-C tip to USB-C INPUT port on the Desk Riser, so that wireless charging can be used.

WIRELESS CHARGING

Simply place your phone on the charging area. It will automatically begin to charge your phone in seconds.

Notice: If your phone is properly placed on the wireless charging area but still is not charging, please reboot your phone.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications not expressly approved could void the user's authority to operate the equipment.

WARRANTY- 12 MONTH
