Re: FCC ID: 2AHPO-HWMS1

To Whom It May Concern:

The following application is submitted on behalf of our client, ENCO Electronic Systems LLC, for evaluation of their model HWMS1 for certification under FCC Part 15.231.

The HWMS1 is a wireless moisture sensor operating at 319.5 MHz. Transmission is triggered by tampering, as well as damp and wet conditions.

The HWMS1 was tested in full to the requirements of the aforementioned rules and was found to be in compliance.

Sincerely,

A handwritten signature in black ink, appearing to read "R. Sam Wismer". The signature is fluid and cursive, with the first letter of the first name being a large, stylized capital "R".
