Inquiry on 03/25/2016 :

Inquiry:

Hello,

Please find attached a request for FCC permission to place the FCC ID in the user accessible area of the device as outlined in the attached document.

Thank you.

---Reply from Customer on 03/28/2016---

Hello,

I have uploaded a new version of the document. Please disregard the previous attachment.

The applicant has advised the device battery door will be closed when shipped. So we have included the necessary updates in document and additional information advising that the retail box (and user manual) will also indicate the FCC ID.

Thank you.

FCC response on 03/30/2016

As requested, this inquiry response from the FCC permits the FCC ID to be placed on the internal user accessible section of the device instead of the external based on the justifications provided in the attachment of this inquiry.

Attachment Details:

[Labelling Permission V2](#)
