

Weber-Stephen Products LLC
1415 S. Roselle Road, Palatine, IL 60067, USA

Date: 09/28/2020

To whom it may concern:

This action is to update/clarify the 2AHSR-CONNECT1 module filing to Limited-Module status.

No physical changes have been made to the circuitry of the original 2AHSR-CONNECT1 filing.

The 2AHSR-CONNECT1 module is incorporated into products that contain the same PCB layout, antenna type, bill of materials, and will exhibit the same emissions performance.

The products will be branded as:

- Saber (a.k.a. Weber Connect)
- Pulse 2000

The products will be tested to show that worst-case performance will not be exceeded. Other products that do not meet these requirements will be licensed separately.

The PCB design of the RF Module portion of the PCB will be controlled so that no changes will be allowed in future revisions without the appropriate filing change.

Sincerely Yours,

Ralph N. Ten Bruin
VP, Global Regulatory Affairs
