

**Important:** Read All Instructions Prior to Installation

### Function introduction

### Product Data

No.	Input Voltage	Output Current	Output Power	Remarks	Size(LxWxH)
1	12-36VDC	4x5A	4x(60-180)W	Constant voltage	166x53.4x23mm
2	12-36VDC	4x350mA	4x(4.2-12.6)W	Constant current	166x53.4x23mm
3	12-36VDC	4x700mA	4x(8.4-25.2)W	Constant current	166x53.4x23mm

- Radio Frequency : 869.5/916.5/434mhz
- Waterproof grade: IP20

### Pair/delete the pairing with RF remote

1. Do wiring according to connection diagram.
2. Pair RF Receiver with RF remote: please refer to the instruction of the remote that you would like to pair with.
3. Delete the pairing:
  - (1) Wire up the RF receiver correctly, power on.
  - (2) Press and hold down the “**Learning Key**” button on receiver for over 3 seconds until the connected light flashes, which means well deleted.

### Receiver/Repeater setting jumper:

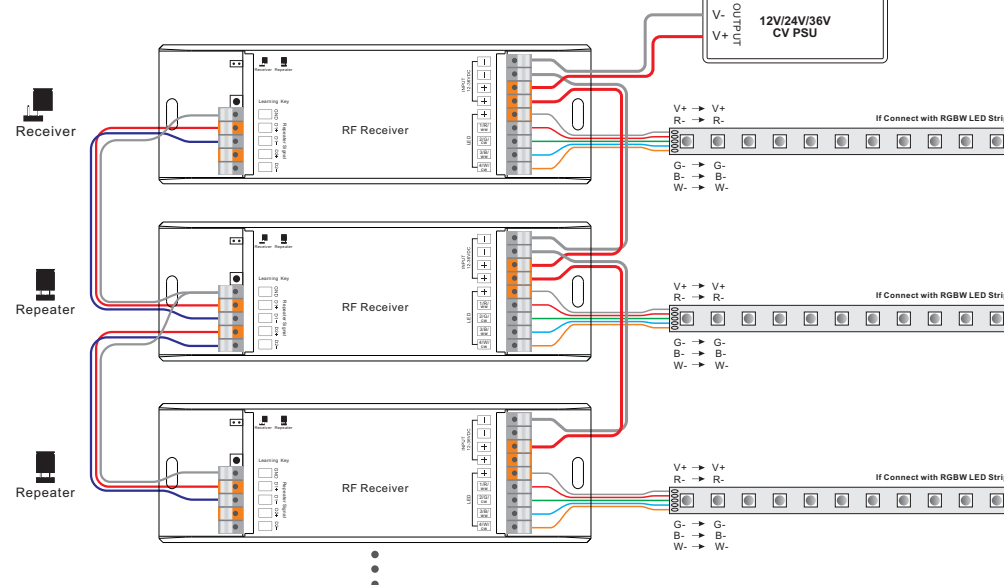

One receiver can connect multiple repeaters to realize perfect sync the sync distance can be over 100m no volt drop.

### Wiring Diagram

With single color lighting

With RGBW lighting(Receiver & repeater mode)

### Product Dimension

### FCC Warning Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help. Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
