

FCC STATEMENT

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference.
- (2) This device must accept any interference received, including interference that may cause undesired operation.

2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

* RF warning for Portable device:

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure can be used in portable exposure condition without restriction.

Instructions & Bluetooth Operation	6

Technical specifications

- Power : 20W
- Impedance : $4\ \Omega$
- Input Sensitivity: $93 \pm 3\ \text{dB}$
- Frequency Response : 50Hz~20K Hz
- S/N Ratio : $\geq 71\ \text{dB}$
- Harmonic Distortion : $\leq 0.7\% (1\ \text{W})$
- Drive Unit : 1"+12"
- Bluetooth Name : bluetooth
- FM Frequency : 87.50 -108.00 MHz
- Voltage : ~100V-240V/50Hz/60Hz

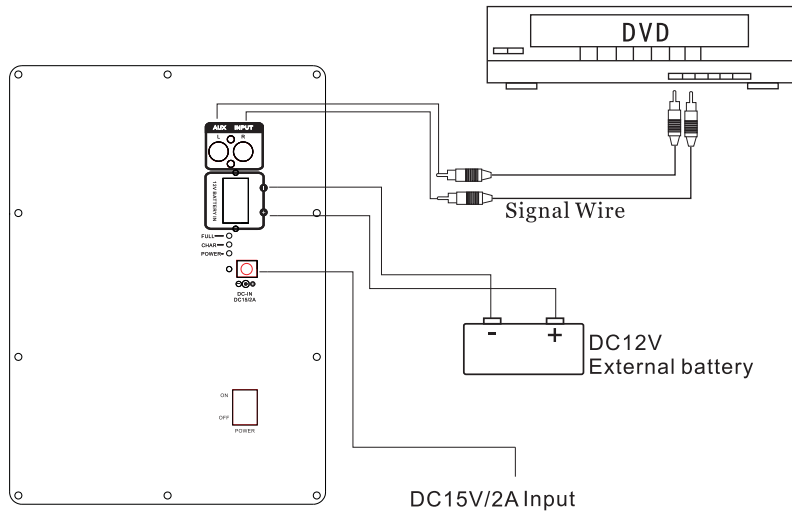

Instructions

1. When using a AC power, please put the power switch at ON/AC position.
2. When recharging, the blue indicator lights; both indicators light when full recharged.
3. When operate by battery, please put the switch at ON/DC position.
4. For full recharging, approximately 10-12 hours will be needed.
5. Please recharge the unit only under voltage indicated in this manual or marked on the device.
6. To protect the battery, please full recharge every time after using up.
7. To save battery power, please put the power switch at "OFF" position when finish operation.

Bluetooth Operation

1. Turning on the power, press the "MODE" key or "INPUT" key on the panel or remote control, switch the speaker to Bluetooth channel. Then turn on the mobile phone Bluetooth function.
2. Search the Bluetooth device list and select the Bluetooth name "Bluetooth". The speaker will make a notification tone when the connection is successful.
3. Play the music on your mobile phone by music player. The music will be transferred via Bluetooth and sound comes out through the speaker.
4. To disconnect the Bluetooth device, the user can turn off Bluetooth function on the mobile phone, or press the "MODE" key or "INPUT" key on the speaker panel or remote control to change the playing mode.

System connection

Operation

1. Turn on the unit, connect to sound sources and play.
2. Insert USB/SD card to read Mp3 tracks; press MODE key to select USB/SD input or FM radio, FM programmes scan & save automatically.
3. When using the KARAOKE, please plug your wired microphone cable or turn on the wireless microphone, and adjust the Mic volume.

Safety Precaution

1. Power:
