

Solder Board-Component View 6	 This image shows the solder side of the PCB. A black ruler is placed horizontally below the board, with markings from 0 to 100 mm. The board is positioned on a blue textured surface. Various components are visible, including a large black chip labeled 'SC-11032 V1.0.0', a smaller chip labeled 'ANTENNA', and several connectors labeled 'MOTO-V', 'IP-LED', 'POWER', 'MIC', and 'SPK'. The board has a complex, irregular shape with multiple mounting holes.
Antenna View	 This image shows the antenna side of the PCB. A black ruler is placed horizontally below the board, with markings from 0 to 100 mm. The board is positioned on a blue textured surface. A red box highlights a component labeled 'WIFI Antenna' with a red line pointing to it. Other components visible include a large black chip labeled 'FR-4 KB-S160', a smaller chip labeled 'ANTENNA', and a connector labeled 'MOTO-V'. The board has a complex, irregular shape with multiple mounting holes.
