TROUBLESHOOTING

No audio in one earbud (Manual Reset)

- 1 Enter your Bluetooth device settings and forget the JLabuds Air.
- 2 Open the charging case and keep the earbuds inside.
- 3 Quickly tap 3x on each earbud touch sensor. They will each blink blue then power off. Once both are off, close the charging case.
- 4 Wait 10 seconds and open the charging case. Wait for Left and Right to blink blue/white. You are now ready to pair to your Bluetooth device.

TROUBLESHOOTING

Bluetooth device does not connect/reconnect

- 1 Enter your Bluetooth device settings and forget the JLabuds Air.
- 2 Turn Off then ON Bluetooth.
- 3 Open the charging case and wait for Left and Right earbuds to blink blue/white.
- 4 Select "JLab JLabuds Air" in device settings to reconnect.

JLab Audio + Burn-in Tool

US Compliance

FCC Information

This equipment has been tested and found to comply with the limits for a Class B digital device pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to a licensed receiver. However, there is no guarantee that interference will not occur in a particular installation. If the equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Increase the separation between the equipment and receiver.
- Reorient or relocate the receiving antenna.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

If you cannot eliminate the interference, the FCC requests that you stop using your product. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

EU Compliance

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This symbol indicates that this product and/or battery should not be disposed of with household waste. When you decide to dispose of this product and/or battery, do so in accordance with local environmental laws and guidelines.

Battery Caution & Disposal Information

Please take care of your battery. Do not, classically, turn, puncture, crush or bend your battery. Improper operation of the battery may produce smoke, fire and/or severe venting of the anode. Extinguish any flames with carbon dioxide, dry powder fire extinguisher, or cover with sand or mud. Take care to avoid conditions of excessive moisture for an extended period and do not inhale. Do not expose to temperatures above 50°C/122°F. Charge battery fully before storage or if stored for longer than three months.

Disposal

At the end of its life, please take care to dispose of the product responsibly. Electronic products and batteries contain materials that can be harmful to the environment. Please do not dispose in unsorted waste. Have your electronic waste sent to a designated collection or recycling facility to be recycled properly. Your local sound authority will be able to tell you where your nearest facility are. There may be one at your local government.

FIRST TIME SETUP

1 AUTO-CONNECTING EARBUDS

Press and hold both touch sensors 3+ seconds to power ON. The Left and Right earbud blinks blue/white indicating ready to pair to your device.

2 CONNECTING BLUETOOTH

Select "JLab JLabuds Air" in your device settings. Voice prompt "Bluetooth connected" followed by solid white lights will indicate you are connected.

ADDING NEW/ADDITIONAL BLUETOOTH DEVICES:

Turn OFF Bluetooth from any previously connected device. Turn ON Bluetooth from new device. Earbuds will automatically enter Bluetooth Pairing. Select "JLab JLabuds Air" in new device settings to connect.

BUTTON FUNCTIONS

VOLUME DOWN: Single Tap	VOLUME UP: Single Tap
Siri (iOS) or "OK GOOGLE" (ANDROID): Double Tap	ANSWER: Single Tap
ANSWER: Single Tap	HANGUP: Double Tap
HANGUP: Double Tap	REJECT INCOMING CALLS: Press & hold 1+ sec
REJECT INCOMING CALLS: Press & hold 1+ sec	PLAY / PAUSE: Double Tap
TRACK FORWARD: Press & hold 1+ sec	TRACK FORWARD: Press & hold 1+ sec
TURN ON: Press & hold 3+ sec	TURN ON: Press & hold 3+ sec
CHANGE EQ: Triple Tap (JLabuds Air will cycle 3 EQ settings)	CHANGE EQ: Triple Tap (JLabuds Air will cycle 3 EQ settings)

TURN OFF EARBUDS WITHOUT CHARGING CASE:

Enter your Bluetooth device settings and disconnect the JLabuds Air. Earbuds will power OFF after 3 minutes.

EQ SETTINGS:

Voice prompts will indicate EQ settings.

JLAB SIGNATURE JLab C3™ signature sound with amplified vocals and bass	BALANCED Even sound with no additional enhancements	BASS BOOST Amplified bass and sub-bass
--	---	--

CHARGING EARBUDS

- 1 Match the corresponding L and R letters on the charging case for proper charging. The earbuds will auto power OFF and start charging.
- 2 Earbuds will auto power ON and reconnect to your device once charging case is opened.

Blue lights will indicate earbuds are charging and will turn OFF when fully charged.

CHARGING CASE

Connect the JLabuds Air to computer or USB 5V 1A (or less) output device.

LEDs pulse white when charging and turn solid white when fully charged.

VOICE PROMPTS

"Ready to Pair": JLabuds Air are ready to pair to Bluetooth device
 "Bluetooth Connected": Earbud is connected to device

Battery Full: 100-75%
 Battery Medium: 75-25%
 Low Battery: Less than 25%. When power decreases to 10%, "Low Battery" will play

FITTING

Try all the optional Cush Fins and ear tips for best fit and proper seal. The Cush Fin should be aligned by positioning the contour around the microphone hole.

QUICK TIPS

- Fully dry off the earbuds before putting in the charging case to avoid any damage to the case. The earbuds are sweat/water resistant but the case is not.
- Either earbud can connect to your device and be used independently. Simply take out the earbud from charging case and it will auto connect.
- Choosing the correct ear tip makes a significant improvement in audio quality due to proper seal for the driver. Try all ear tips for best results.
