## US Compliance

### FCC Information

FCC ID: 2AHYV-STPRNC

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

If you cannot eliminate the interference, the FCC requires that you stop using your product. Changes or modifications not expressly by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Visit [jlab.com/safety](http://jlab.com/safety) to learn how to safely use, including the proper tip installation.

Our team is constantly improving your product experience. This model may have new features or controls which are not detailed in this guide. For the latest version of the manual, please visit [www.jlab.com/manuals](http://www.jlab.com/manuals)

JLab Audio  
2281 Las Palmas Drive, Suite 101, Carlsbad, CA 92011, USA

The symbol above indicates that this product and/or battery should not be disposed of with household waste. When you decide to dispose of this product and/or its battery, do so in accordance with local environmental laws and guidelines.

### Battery Caution & Disposal Information

Please take care of your battery. Do not; disassemble, burn, puncture, crush or bend your battery. Improper operation of the battery may product smoke. In such an event, ventilate the area. Extinguish any flames with carbon dioxide, dry-powder fire extinguisher, or cover with sand or mud. Take care to avoid conditions of excessive moisture for prolonged periods and do not immerse. Do not expose to temperatures above 50°C/122°F. Charge battery fully before storage or if stored for longer than three months.

### Disposal

At the end of its life, please take care to dispose of this product responsibly. Electronic products and batteries contain materials that can be harmful to the environment. Please do not dispose to unsorted waste. Take your electronic waste to a designated collection or recycling facility to be recycled properly. Your local council authority will be able to tell you where your nearest facilities are. There may be one at your local supermarket.

JLab can help you recycle. Learn more [jlab.com/recycle](http://jlab.com/recycle)
