

FCC Inquiry and Response (Tracking Number 456488)

Inquiry on 12/01/2022 :

Inquiry:

Would it be acceptable to split the p15.19 statement onto 2 display screens? Our device is small and the display capabilities are limited. Our proposal:

SCREEN1

Model: XXXXXXX

FCC ID: #####

IC: #####

This device complies with part 15
of the FCC Rules and ISED Canada
license-exempt RSS standard(s).

SCREEN2

Operation is subject to the
following two conditions: (1) this
device may not cause harmful inter-
ference, and (2) this device must
accept any interference received,
including interference that
may cause undesired
operation.

The first screen would display after pressing the MENU key and navigating to >ABOUT>REGULATORY. Users would need to press the NEXT key to view the second screen. An EXIT option is available on both screens, returning to the menu selection screen. Please advise.

Thank you.

FCC response on 12/06/2022

Hello,

As long as it says "Continued" on the next screen....
