

# Operating instructions

Status of Indicators:

1. Turn On/Off

Push the power switch to the ON position to turn on the machine; push the power switch to the OFF position to turn off the machine.

2. Ratings: USB:DC 5V

Battery: DC 3.7V

3. Bluetooth

This device is operation in 2402~2480MHz. The device used BES2500IU, the antenna type is Chip antenna, the max clock is 26MHz (Y2)

Channel and Transmitting frequency:

Operation Frequency:	BT: 2402-2480 MHz
Modulation Type:	BT: GFSK, Pi/4 DQPSK, 8DPSK
Number Of Channel	BT: 79CH
Antenna Designation:	Chip antenna 1.06dBi
