

Date: August 20, 2020

**Class II permissive change request letter**

**Manufacturer:** Philips Consumer Lifestyle B.V.

**Model:** S7000

**FCC ID:** 2AICSS79

**PMN:** S7000

**HVIN:** S7910, S7930, S7940, S7950, S7960, S7970

**IC:** 21912-S79

**HMN:** N/A

**FVIN:** 286

We, **Philips Consumer Lifestyle B.V.**, pursuant FCC §2.1043 and pursuant IC RSP-100, hereby request the evaluation of a Class II permissive change as described below for the S7000 series of shavers.

The change made to the currently certified model:

- Henceforth the shaver comes with the new version of the HQ8505 plug adapter

No changes to transmit power output, modulation or frequency have been made.

Therefore, the S7000 models are electrically identical to the corresponding already assessed models.

Due to new adapter, testing over S7000 according to 47 CFR Part 15B, ICES-003 Issue 6 and Radiated Spurious Emissions testing according to 47 CFR Part 15.247, RSS-247 Issue 2 have been performed.

Sincerely,

*H.J. Visser*
