1	Volume Down (-) / Previous Track
2	Charging port
3	MF / Phone button
4	LED Light Indicator
5	Built-In Microphone
6	Volume Up (+) / Next Track

# **INSTRUCTIONS FOR USE**

#### **Charging Instructions**

The Bluetooth Earbuds come with a built in rechargeable battery. Before using it for the first time we recommend you charge the battery fully. Only use the supplied USB Cord to charge the Bluetooth Earbuds. Please charge for about 2 hours.

Connect the USB charging cable to a computer USB port and the Micro USB plug to the charging port of the device. The Red LED light turns on while the device is charging. It takes around 2 hours to fully charge. When the battery is fully charged, the red LED light will turns off.

#### Pairing the device with Bluetooth devices (phone or music device)

1. Press and hold the **MF** button for 4-6 seconds to turn on the earphone, and the blue and red LED light flashes alternately. Place the Bluetooth earphone and Bluetooth device (phone or music device) in 1 meter;

2. Activate the Bluetooth function on your Bluetooth device (phone or music device). Please refer to the manufacturer's instructions for instructions on enabling Bluetooth on your device.

Once you have activated Bluetooth on your device, select the "2BOOM-EPBT645" from the list of available Bluetooth devices.

If required, enter the password '0000' to confirm & finalize pairing.

Once paired successful, the blue LED light flashes slowly. You can start to use the device.

Please note pairing mode on the device will last for around 30 minutes. If no devices are paired within around 30 minutes the device will power off automatically.

#### **Control Function**

Charging time	1-2 hours
Built-In Battery	3.7V/55mAh

# FCC ID: 2AIDL-EPBT645

### FCC STATEMENT

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

-Reorient or relocate the receiving antenna.

-Increase the separation between the equipment and receiver.

-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

-Consult the dealer or an experienced radio/ TV technician for help.

# FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure requirement. The device can be used in portable exposure condition without RF striction.
