

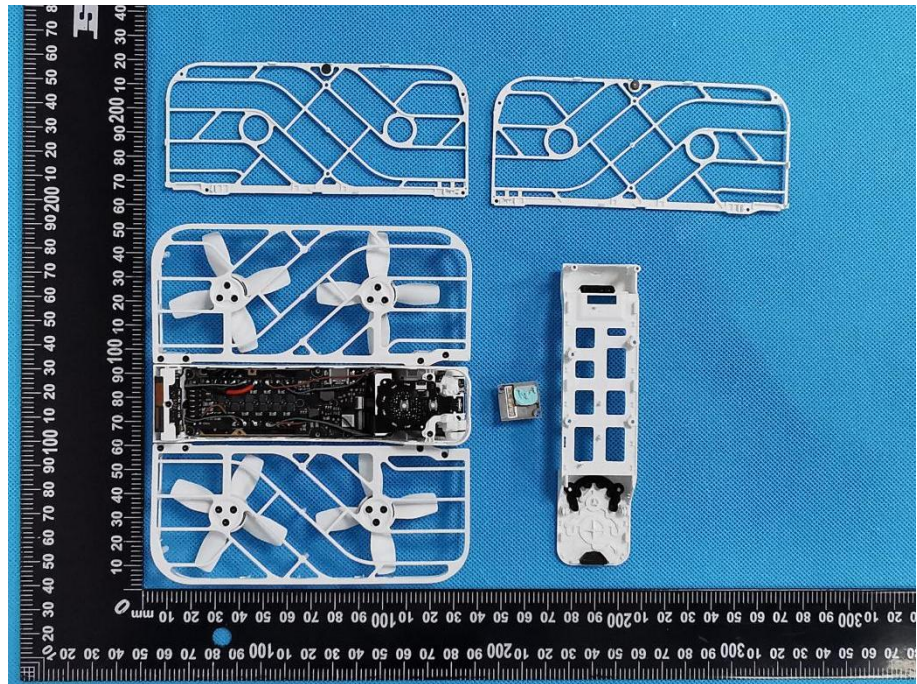

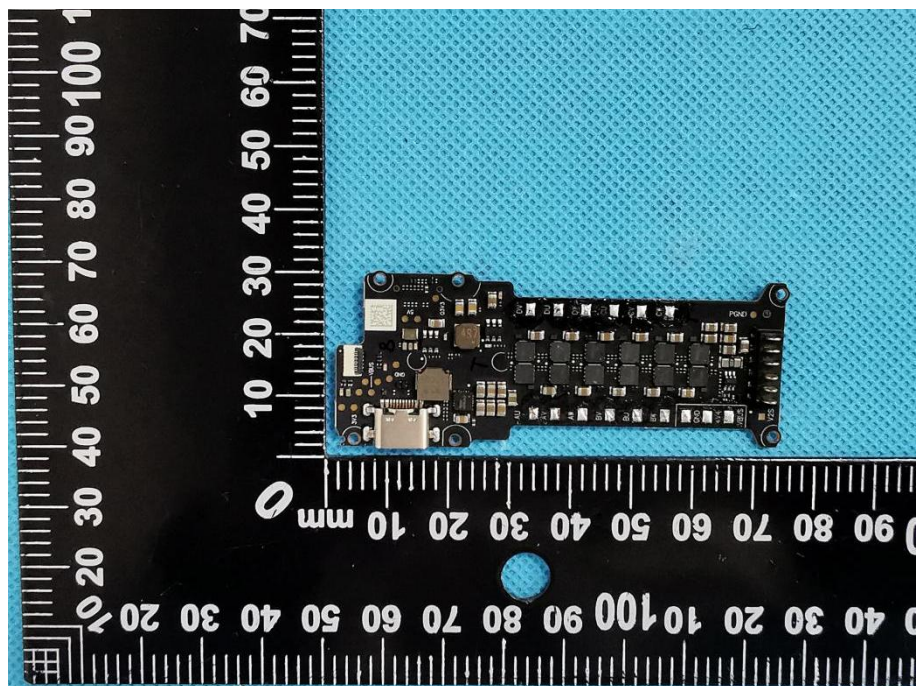

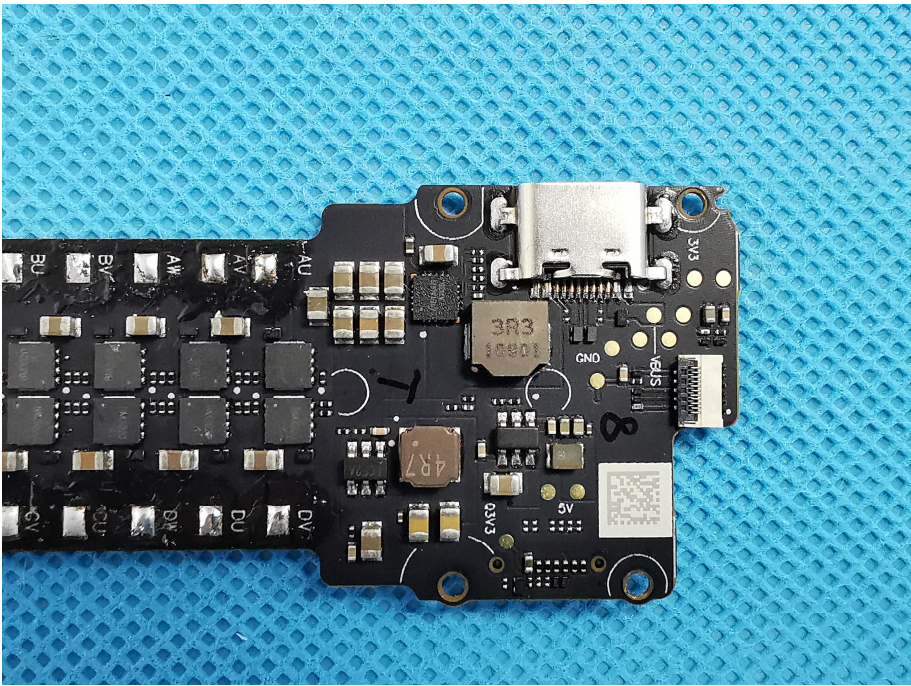

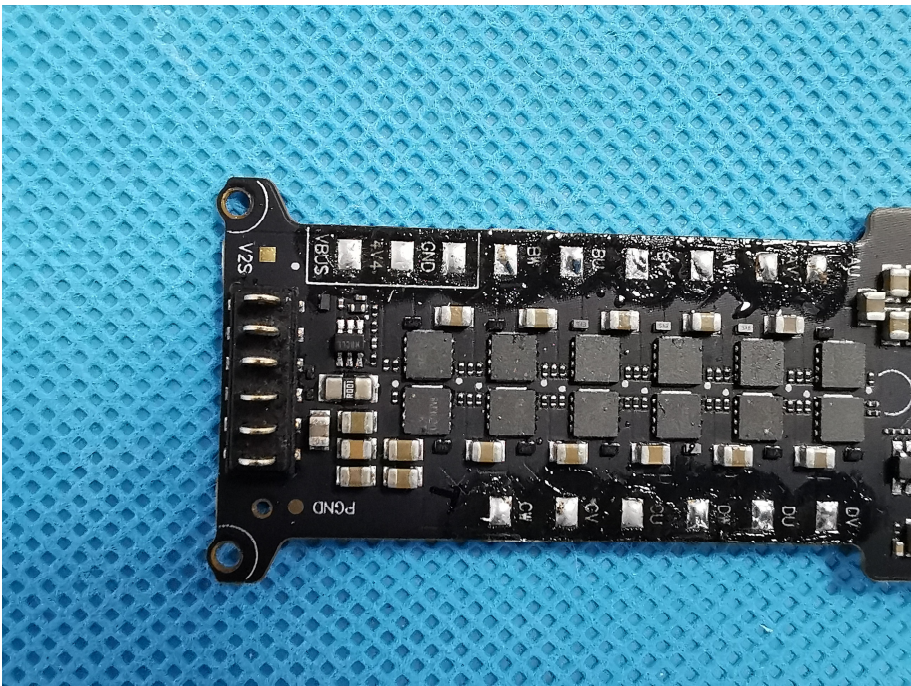

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

**EUT Housing and
Board View 1**

**Solder
Board-Component
View 1**

Solder Board-Component View 2	 A photograph of a black printed circuit board (PCB) component, likely a USB-to-UART bridge, resting on a blue textured surface. The board features a USB Type-C connector at the top, a micro-USB connector on the right, and a series of pins along the bottom edge. Various surface components are visible, including a large black integrated circuit (IC) labeled '3R3', a smaller IC labeled '4R7', and several resistors. The board is populated with numerous solder joints connecting components to the pads.
Solder Board-Component View 3	 A photograph of the same black PCB component from a different angle, showing the underside. The board is populated with numerous solder joints connecting components to the pads. The components are arranged in a grid-like pattern, with various surface components visible, including a large black integrated circuit (IC) labeled '3R3', a smaller IC labeled '4R7', and several resistors. The board is populated with numerous solder joints connecting components to the pads.
