

Attn: Director of Certification

Cover letter regarding application for FCC ID: 2AIEP-OBL3A

The applicant is seeking equipment authorization for the Owlet Smart Sock Base Station V3, Model OBL 3.0. This equipment contains a Bluetooth LE radio and a WLAN + Bluetooth Combo Module, however only the WLAN portion of this Combo Module is enabled in this design. The applicant has obtained a Change in FCC ID for this module from the original grantee, Murata Manufacturing Co., Ltd. The original FCC ID is VPYLB1LD and the new FCC ID is 2AIEP-OBL3M. Conducted data from the original grant for the module, dated 26 May 2017, is being re-used in this application, and new radiated data taken with the module installed in the OBL 3.0 end product is also being submitted. A report with complete data on the BLE radio is also included in this submission.

The User Manual included in this submission will only be available electronically, but there is also a Quick Start Guide in this submission which will physically accompany every unit of the product.

Sincerely,

A handwritten signature in blue ink that reads "Martin Taylor".
