

USER MANUAL

MODEL NUMBER: OBL 3.0M

FCC ID and IC Number for this product is as follows.

FCC ID: 2AIEP-OBL3M

IC: 21386-OBL3M

LABEL REQUIREMENT

For OEM integration only – device cannot be sold to general public.

Therefore, we will ask OEM to include the following statements required by FCC / ISED on the product and in the Installation manual Notice.

The FCC / ISED certification label of a module shall be clearly visible at all times when installed in the host product; otherwise, the host product must be labelled to display the FCC / ISED certification number for the module, preceded by the word "contains" or similar wording expressing the same meaning, as follows:

Contains FCC ID: 2AIEP-OBL3M

Contains IC: 21386-OBL3M

Additional FCC label requirement:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

※When the device is so small or for such use that it is impracticable to label it with this statement in a font that is four-point or larger, and the device does not have a display that can show electronic labeling, then the information required by this paragraph shall be placed in the user manual and must also either be placed on the device packaging or on a removable label attached to the device.

USER MANUAL REQUIREMENT

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

1. L'appareil ne doit pas produire de brouillage;
2. L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

MODEL NUMBER: OBL 3.0M

Please describe the following warning to the manual.

FCC CAUTION

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This transmitter must not be co-located or operated in conjunction with any other antenna or transmitter except in accordance with the FCC or ISED's multi transmitter policy.

When installing it in a mobile equipment.

Please describe the following warning to the manual.

This equipment complies with FCC / ISED radiation exposure limits set forth for an uncontrolled environment and meets the FCC radio frequency (RF) Exposure Guidelines and RSS-102 of the ISED radio frequency (RF) Exposure rules. This equipment should be installed and operated keeping the radiator at least 20cm or more away from person's body.

Cet équipement est conforme aux limites d'exposition aux rayonnements énoncées pour un environnement non contrôlé et respecte les règles les radioélectriques (RF) de la FCC lignes directrices d'exposition et d'exposition aux fréquences radioélectriques (RF) CNR-102 de l'IC. Cet équipement doit être installé et utilisé en gardant une distance de 20 cm ou plus entre le radiateur et le corps humain.

When installing it in a portable equipment.

FCC: Class II permissive change application and SAR test are necessary.

IC: Class II permissive change application and SAR test are necessary.

Please contact Owlet.

Note:

Portable equipment: Equipment for which the spaces between human body and antenna are used within 20cm.

Mobile equipment: Equipment used at position in which the spaces between human body and antenna exceeded 20cm.
