

Cautions

- 1>. The product supported software functions are based on the OS, if the OS are not installed into the machine in advance that may not support all the functions.
- 2>. If your OS is completely crashed and intending to shut down computer system, please press Power button over 4 seconds to enable the Forced shutdown.
- 3>. When computer operate or charge normally which will bring the heat to the machine surface, AC adapter could emit heat when it is in the normal use. To avoid the body damage from the heat, do not leave the computer to your knee or any part of your body.
- 4>. When the computer is applied with power connection, please following each type of machine' s voltage-current' s indication and using the right AC Adapter. In addition, do not use non-original AC Adapter together with the product, which will cause the inner body damage due to the different circuit design.
- 5>. Please power off before installing or removing the non-support hot-unplug external equipment.
- 6>. Keeping the machine operated under the dry environment, rain, moisture, liquid will erode electronic circuit.
- 7>. Please do not try to open the inside of machine, non-authorized maintenance engineer open by himself will cause the machine breakdown so that computer will lose the warranty rights.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. NOTE: THE MANUFACTURER IS NOT RESPONSIBLE FOR ANY RADIO OR TV INTERFERENCE CAUSED BY UNAUTHORIZED MODIFICATIONS TO THIS EQUIPMENT. SUCH MODIFICATIONS COULD VOID THE USER' S AUTHORITY TO OPERATE THE EQUIPMENT.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in

accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This device and its antenna must not be co-located or operating in conjunction with any other antenna or transmitter. To comply with FCC RF exposure compliance requirements, this grant is applicable to only Mobile Configurations. The antenna used for this transmitter must be installed to provide a separation distance is larger than 20 cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter. ”

All other devices shall bear the following statement in a conspicuous location on the device: This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Le présent appareil est conforme aux CNR

d'Industrie Canada applicables aux appareils radio exempts de licence.

L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
