INSTRUCTIONS FOR USE
Charging the Speaker
For best results, fully charge the unit before use.

3

Page 4

1. Connect the USB charging cord (included) to the DC 5V charging port of the speaker and insert the other end into a port on your computer or similar power source.
2. Red LED turns on indicating that the battery is being charged. Once it is fully charged, the Red LED will turn off. It will take 4 - 5 hours to fully charge the battery.

Turn On/Off the Speaker
Press the POWER ON/OFF SWITCH to ON position to turn on the unit with disco lights & color changing LED lights, or OFF position to turn off the unit.

Pairing your device with the Speaker –
Your **Bluetooth Party Speaker** can stream wireless audio from any Bluetooth enabled device within the range of up to 33 feet. Simply follow the below steps.

1. Rotate the volume knob to your favorite sound level.
2. Turn ON the speaker.
3. An indication tone would be heard, blue LED light flashes rapidly and color changing LED lights are on, that the speaker is now in pairing mode.
4. Turn on the Bluetooth on your Mobile Phone or Tablet or Computer.
5. It will search for available Bluetooth devices.
6. Powerhouse Bluetooth Wireless Speaker would appear as "**Power House**", in the list of searched devices. Select it from the available list of devices.
7. You might be prompted with "Pair with **Power House**?" message on your source device, with "Cancel" and "OK" options. Please click "OK".
8. If required, enter the password '0000' to confirm pairing.
9. Once paired successfully, another indication tone would be heard and blue LED light stays on.
10. If you fail to pair it within a few seconds or you want to pair it with a new device, please repeat above steps.

Play your favorite song on the Bluetooth source device and music would now stream through the speaker.

Listening to Wireless Music
Please ensure that your device (iPhone, Tablet or Other Smart Phone) is paired with the speaker to stream wireless music. Once it is paired, play music from your device.

Function	Operation	Button
Increase / Decrease Volume	Playing music	Turn the VOLUME KNOB to increase/decrease the volume to your desired level

4

Page 5

Pause	Playing music	Short press PLAY/PAUSE button once to pause music
Play	Pause	Short press PLAY/PAUSE button once to resume music
Previous track	Playing music	Short press the PREVIOUS TRACK button to the previous track
Next track	Playing music	Short press the NEXT TRACK button to the next track

TWS pairing use (if you own 2 True-Wireless LED Party Speaker)

- Make sure both speakers are "ON" and not paired with any Bluetooth device. An indication tone would be heard from each speaker.
- Choose either one as your master speaker.
- Long press the PLAY/PAUSE button on master unit.
- Both units will wirelessly connect with each other, and you would hear an indication tone after they pair together successfully.
- Activate the Bluetooth function on your source device (Mobile Phone, Tablet etc). Please refer to manufacturer's instructions for instructions on enabling Bluetooth on your device.
- Search for available Bluetooth devices and you would find "**Power House**" – Pair it with this device.
- You might be prompted with "Pair with **Power House**?" message on your source device, with "Cancel" and "OK" options. Please click "OK".
- If required, enter the password "0000" to pair with the device.
- Once paired successfully, another indication tone would be heard.
- You can now stream wireless music on your speaker through your source device.

Note: TWS stands for True Wireless. If you want to separate 2 speakers again for individual use, just long press the PLAY/PAUSE button on any one speaker.

Listening to Music using AUX-In

1. Turn on the speaker.
2. Plug the 3.5 mm Aux-in cable (included) into the AUX-In port of the speaker, an indication tone would be heard, and red LED light is on.
3. Plug the other end of the cable to the audio device (such as computer / tablet / MP3 Player etc.).
4. Select your favorite song at the source device to play.

(Note: While using AUX-In function, except volume function, all functions such as playing next/previous track can be controlled only through your source device).

Listening FM radio

1. Turn on the speaker.
2. Short press the MODE button each time until it reaches FM radio mode with sound from a FM
