

UdiSense Inc (DBA: Nanit)

244 Fifth Avenue, Suite #2702, New York, New York 10001, United States

Tel: +1-917-397-6258

Date: October 14, 2016

Conforming to 47 CFR 15.407(c)

We, **UdiSense Inc.** (DBA: Nanit) declare that the device:

FCC ID: 2AIWVN101, **Model name:** N101

Shall discontinue transmission in case of either absence of information to transmit or operational failure in accordance with 47 CFT 15.407(c).

The Nanit N101 device is a client device as defined within 47 CFR 15.202. The Nanit N101 only transmits packets when there is data to be sent. The data is consisted of video, audio, sensor readings and status updates.

When the user selects to stop collecting the above data (by setting the device to “sleep mode” via the mobile device’s app), the device only transmits periodic “Keep Alive” packets to the Nanit servers to keep the connection alive, in order to allow remote users to turn the camera back to normal operating mode.

Sincerely yours,

Andrew Berman
