

Mini-O User Manual

HM-210

HMLink Co., Ltd

1715 ho , 126 , Beolmal-ro , Dongan-gu , Anyang-si , Gyeonggi-do , 14057 , KOREA

Product Specification

Model Name	HM-210 (Mini-O)
Product Name	Bluetooth Speaker
Frequency Band	Equivalent to that of Bluetooth 4.2
Speaker Output	3 Watt * 3 Watt (Max)
Input Power	DC5V / 0.2A (Max)
Battery	3.7V , 340mAh
Size / Weight	108mm X 58mm X 18mm ,80g
Product Temperature	-10°C ~ +50°C
Manufacturer	KOREA , HMLink Co.,Ltd

Model : HM-210 (Mini-O)

HMLink.Co.,Ltd A/S : +82-31-450-3578

Input Power : 5Vdc == 0.2A (Max), Micro USB

해당 무선설비는 운용 중 전파혼신 가능성이 있음

MSIP-CRM-HmL-HM210

FCC ID : 2AJAZHM210

Made in Korea

How to Use

Charging Mini-O

1. Mini-O can be charged with any kind of charger/adaptor that is compatible with smartphones or any other electronic devices.
2. Red LED light remains turned on when charging and turns off when fully charged.

Notes

1. Red LED light may not be turned on if Mini-O is in use when charging.
2. A charger is NOT included in the package.

How to Use

Pairing and Listening through Bluetooth

1. For the initial pairing procedure, press the button for 1 second to begin the pairing process. Blue and red LED light then start blinking with two beep sounds: pairing beep followed by a powering beep. (For the reconnecting procedure, go to #5)
2. Using your device, find and connect to " **Mini-O** "through Bluetooth.
3. Red LED light turns off with a beep sound if successfully paired, and the blue LED light remains turned on.
4. Press the button for 2 seconds or more to turn off Mini-O.
5. Press the button for 0.5 second to reconnect to an already paired device. Connection renews automatically within few seconds.
6. Mini-O turns off automatically if left inactive for 5 minutes.

It will remain turned on, however, if already paired with a device.

How to Use

TWS Feature (True Wireless Stereo)

TWS feature enables two Mini-Os to be played simultaneously from a single device. TWS therefore provides a stereo sound through this dual speaker connection.

1. To enable TWS feature, pair one Mini-O through Bluetooth first.
2. When one Mini-O is successfully paired with your device, double-click the buttons of both Mini-Os.
3. The second Mini-O will then be connected to the first Mini-O, providing a stereo sound through TWS feature.

Notes

1. It usually takes few seconds to enable TWS feature.
2. TWS : Fast-click a button twice to disable TWS feature.

Package Includes / Cautionary Notes

Mini-O :

Mini-O(s)
Micro USB cable
Manual and Warranty

Cautionary Notes

- The product is NOT water-proof so keep the product away from water.
- The product has an external battery that stores highly concentrated energy. Therefore, do NOT disassemble or damage the product.

For a Class B digital device or peripheral, the instructions furnished the user shall include the following or similar statement, placed in a prominent location in the text of the manual:

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC CAUTION:

Any changes or modifications in construction of this device which are not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC NOTE:

The manufacturer is not responsible for any radio or tv interference caused by unauthorized modifications to this equipment.

Such modifications could void the user's authority to operate the equipment.

TWS (True Wireless Stereo) Feature

TWS feature enables two Mini-Os to be played simultaneously from a single device.

TWS therefore provides a stereo sound through this dual speaker connection
