RE: Justification for label location regarding application for certification of

FCC ID: 2AJC2I1000

IC Number: 21834-I1000

To Whom It May Concern:

This letter is to justify the choice of label location for the device bearing the above FCC ID and IC Number. The location was chosen to be on the inner surface of the door of the device. The unit is for outdoor use only and the label cannot be placed on the outside. The location for the label inside the door is the only logical choice and easily accessible and visible once the door is open.

Please contact the undersigned if you have any questions or need any further information.

Regards,
