Press Enter to exit and restart your computer	 Mite

<b>B.</b> Access to the required information on the	e e-label
<ol> <li>Users must be able to access the regulatory information without requiring special access codes or permissions, and in all cases the information must be accessible in no more than three steps from a product's main or home menu.</li> </ol>	<ul> <li>The actual steps are: To access the e-label information, do one of the following:</li> <li>Restart the computer. When the logo screen is displayed, press F9.</li> <li>Restart the computer. When the logo screen is displayed, press Enter or tap the prompt to enter the Startup Interrupt menu. Then, press F9 or tap the Regulatory information option.</li> <li>No special access codes or permissions are required to go through the above steps beyond entering a user-defined password to protect against unauthorized access to the device</li> </ul>
	device.
<ol> <li>Instructions must be provided with the product at the time of purchase, in the user manual, operating instructions, packaging material, quick guide pamphlet, etc.         Alternatively, a product-related website is permitted, if a reference (URL) to obtain the website information is provided at the time of purchase in the user manual, operating instructions, packaging material, quick guide pamphlet, etc.     </li> <li>Products must not require special accessories or supplemental plug-ins (e.g., the installation of a SIM/USIM card) to access the information must be provided without special codes, accessories, or permissions beyond the normal security protection to unlock the screen, sign-in page, or overall product access.     </li> </ol>	The information to the user is provided in the user manual. The devices do not require special code, accessories or supplemental plug-ins to access the information.
<ul> <li>4. The FCC ID/ISED ID, warning statements, or other information must be displayed electronically in a manner that is clearly legible without the aid of magnification.</li> </ul>	Yes, it is clearly legible without the aid of magnification.
5. Both regulatory information and dedicated exclusive application(s) or script(s) must be secured and implemented in a factory- set-unalterable format. The regulatory information must be capable of being retrieved and displayed locally, and under the control of the end user in possession of	Yes, it is secured and the user cannot modify it.

## **B.** Access to the required information on the e-label

the product. The method must be secure,	
such that the application or script ensures	
that the regulatory information correctly	
displayed.	

## C. Labeling for Importation and Purchasing

c. Labering for importation and furchasing	
1. When e-labeling is used, a physical	The FCC logo, FCC ID, ISED ID and model
temporary label is also required on the	number are present on the product
product, or a label on the packaging, at the	packaging.
time of importation, marketing, and sales.8	
The physical label can be a summary	
version of the required regulatory	
information, such that the product can be	
identified as complying with the FCC's	
and ISED's equipment authorization	
requirements. The information may simply	
be the FCC ID and ISED ID for products	
subject to certification.	
Products imported that are already	
packaged for sale and have a	
physical temporary label will satisfy	
this requirement. However, for	
products imported in bulk and not	
packaged individually, it is	
acceptable to use a temporary	
removable adhesive label on the	
product, or temporary or permanent	
labels on the shipping packaging or	
protective bags. Any removable	
adhesive label shall be of a type	
intended to survive normal shipping	
and handling.
