Attestation Letter

To Whom It May Concern,

The chip EC25-E installed in our product Sany Encourage Integrated Display (model name:SEID-3I0A(G), FCC ID: 2AJONSEID3I0A), which supports GPS, GPRS and 4G protocols. But for this product, it only activates LTE band 5 and 41 functions, the other functions are disabled by using the software. Please contact me if there is need for any additional clarification or information.

Best Regards,

Sincerely,
