

Quick Start Guide

Included in this package:

- Phone
- Activation card
- Charger

Initial Phone Setup:

Your phone already has a SIM card installed.

Your phone’s battery may not be fully charged. Use the charger included in your package to charge your phone fully before the first use.

To turn your phone **ON/OFF**, press and hold the **Power/End key**.

Explore your phone:

To open the apps list, press the center key.

To open an app or select a feature, scroll to the app or feature and select **SELECT**.

To go back to the previous view, press the back key.

To go back to the home screen, press the **Power/End key**.

Security Settings:

You can set the phone to ask for a screen lock code.

1. Press the center key and select **Settings**.
2. Scroll right to **Privacy & Security**.
3. Select **Screen Lock > Screen Lock > On**, create a four-digit code. Note, however, that you need to remember the code you created, as Tracfone is not able to open or bypass it.

Lock and unlock your phone:

If you want to avoid accidentally making a call when your phone is in your pocket or bag, you can lock your keys and screen.

To lock your keys and screen, press and hold the *** key** or close the fold.

To unlock the keys and screen, select **Unlock**.
