LIGHT UP LANTERN SPEAKER **AURORA** TRUE WIRELESS COMPATIBLE FCC ID: 2AJQ7AURORA

USER
MANUAL

for use with
Bluetooth
enabled devices

FCC STATEMENT:

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following:

- Reorient or relocate the receiving antenna.
 - Increase the separation between the equipment and receiver.
 - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help.
- RF Exposure Information**
The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

•YOUR IJOY PRODUCT

Thank you for purchasing and using the "IJOY AURORA LANTERN SPEAKER". This product can provide high quality listening and enjoyment for mobile phone, computer and multimedia. •PAIRING YOUR PRODUCT

1. Place device within 30 ft of bluetooth enabled device.
2. Hold the button to turn on the speaker. You will hear a 'beep' sound. The speaker body will light up, indicating that it is ready to pair.
3. Follow the instructions of your device to search for the device.
4. The bluetooth pairing name is "IJOY AURORA".
5. Press the LED mode button , to choose from 10 options of flashing LED lights
6. For pairing with two AURORA speakers: turn on both speakers and hold down the LED mode button , until a "beep" sound is heard. Both speakers will now be in TWS (True Wireless Sound) mode. Open your mobile phone and choose "IJOY AURORA" to match to both speakers.

•BATTERY CAUTION

The battery used in this device may present a risk of fire, explosion or chemical burn if used incorrectly. Never use or charge the battery if it appears to be leaking, discolored, deformed, or in any way abnormal. Never disassemble the unit or attempt to remove the battery as that could cause leakage of alkaline solution or other electrolytic substance. Always confirm that the temperature is 5 degrees Celsius before you change the battery. Never expose the battery to any liquid. Never expose the battery to excessive heat such as direct sunlight or fire. Never use the battery pack in an unventilated vehicle where excessive internal temperatures may be encountered. Always keep the battery out of reach of infants and small children.

•BATTERY DISPOSAL

Please do not attempt to change the battery yourself. If the battery has died and you do not want us to replace your battery, you should follow the disposal instructions listed here. Never dispose of used batteries/electronics with ordinary solid wastes. Always dispose of used batteries/electronics in accordance with the prevailing community regulations that apply to the disposal of batteries/electronics. If there are no local regulations concerning battery/electronics disposal, please dispose of the device in a waste bin for electronic devices. Many electronics retailers now recycle batteries and other electronic components at no charge.
